Executive Department
FINANCIAL ORDER

on
5/28/19

ORDERED,

That the State Controller increase allotment in account 014-10A-Z219-20, Riverview 34B MRSA 1409, by \$1,034,897 in the All Other line category to use the maximum amount of disproportionate share revenue; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2019," for which this shall be our sufficient warrant.

Statement of Fact

This financial order will allot additional revenue to adjust the applicable federal medical assistance percentage (FMAP) splits between the General Fund and Other Special Revenue Funds accounts based on census projections. The most recent census model shows that there is an additional \$1,034,897 available to fund the federal portion of allowable disproportionate share expenditures. Failure to allot the funds will cause the FMAP splits to be off thus requiring more General Fund expenditures than would otherwise be used and a negative balance will not be corrected.
