Topic: National Board Certification

Context

This memo serves as the report that the Department of Education is required to submit to the Joint Standing Committee on Education and Cultural Affairs which:

- a. calculates the full funding necessary to fund 100% of the costs of the increase in the national board certification salary supplement for FY 20-21, and
- b. calculates 100% of the costs of the funding necessary to fund the National Board Scholarship Fund for FY 20 -21.

Findings

Salary Supplement

Based on the data the Department received from school districts regarding currently employed National Board Certified Teachers (NBCT) during fiscal year 2019-20, the combined cost for the salary supplement for NBCTs teaching in schools with less than 50% of students eligible for free and reduced lunch and NBCTs teaching in schools with 50% or more students eligible for free and reduced lunch is \$953,500.00. The current estimated budget allocation available to support the NBCT salary supplement program is \$642,551.00. The Department would need \$310,949.00 allocated to meet the salary supplement allowance for current NBCTs. The full funding necessary to fund 100% of the costs of the increase from \$3,000.00 to \$5,000.00 for NBCTs teaching in schools with 50% or more students eligible for free and reduced lunch is \$175,000.00.

Scholarship Fund

The fee structure for the national board program changed during school year 2014-2015. As a result, the \$75,000.00 annual allocation may support more than the 30 teachers allowed in statute.

FY21 Salary Supplement Cost: \$953,500.00
FY21 Scholarship Amount: \$75,000
FY21 Estimated Total Cost \$1,028,500
