

**Federal Grant Awards Available Through COVID-19 Relief Legislation**

This list contains authorizations included in four pieces of federal legislation related to COVID-19 that provide financial assistance to the State in various forms. The four pieces of legislation are listed below. The forms of assistance include: grants awarded to the State of Maine, grants awarded to entities within the State, relief payments made directly from the federal government to private entities, Paycheck Protection Program loans received by business and other loans. The last item, the Municipal Liquidity Fund, is not anticipated to be utilized.

- P.L. 116-123 - Coronavirus Preparedness & Response Supplemental Appropriations Act
- P.L. 116-127 - Families First Coronavirus Response Act
- P.L. 116-136 - CARES Act
- P.L. 116-139 - Paycheck Protection Program and Health Care Enhancement Act

The \$1.25 billion in the Coronavirus Relief Fund has been received by the State of Maine. Other amounts highlighted in green represent grant notifications the State has received. Those grants have their own specific requirements and follow typical grants processes for expenditures, reporting and cash draw downs. Other programs listed here provide relief directly to private entities and those funds are not flowing through Maine state government.
