

Rep Ingwersen

As sponsor of LD 2160 which is due for a work session tomorrow, I have an amendment that I'd like to add. I'm assuming that you are the person I need to give it to in order to get it added to the bill language as an amendment on my behalf. Will you also send it out to all committee members? Here is the amendment:

"Nothing in this section shall be construed to alter the separate notice period applicable to governmental entities contained under the Maine Tort Claims Act in Title 14, section 8107 or the time to bring forth an action as contained under the Maine Tort Claims Act in Title 14, section 8110."
