That the State Controller increase allotment in account 014-01A-0946-01, Animal Welfare by \$564,265 in the All Other line category for the purpose of replacing and upgrading an online dog licensing system, and paying increased operating costs; and,

Be it further ordered,  
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2021", for which this shall be our sufficient warrant.

**Statement of Fact**

This financial order allots a portion of unencumbered balance forward to continue to fund contractual services to replace the existing online dog licensing system in the Animal Welfare program and for increased operating costs related to animal seizures. The new system will be used for dog licensing, case management and to track dangerous and nuisance dogs as required by 7 MRSA section 3925. The State has also incurred additional costs related to animal seizures recently due to a reduced schedule in the court system. Failure to allot these funds will prohibit the department from completing the approved contract to replace the existing system and from complying with program requirements in statute, and paying operating costs related to animal seizures.
