1	HUM	Z198	Mental	BASELINE BUDGET	The Community Mental Health Services program develops		Adult BH	General	2	44.0	44.0	25,758,490	25,843,186
			Health		and maintains a system of community mental health			Fund					
			Services -		services and supports for persons age 18 years and older								
			Communit		who have serious mental illness and significant functional								
			y		impairments. The program provides individualized								
					treatment and rehabilitative services for persons with								
					serious mental disorders in settings most appropriate to								
					their needs and the needs of their families. Services are								
					delivered primarily through performance based contracts								
					with provider agencies, and include community								
					integration, assertive community treatment, crisis services,								
					housing services, residential treatment, in-home support,								
					peer support, medication management and outpatient								
					services. The Adult Mental Health Services Program's								
					functions are performed through the coordinated efforts of								
					central office, district office and institutional capacity.								
					From a program and policy perspective, the Adult Mental								
					Health Program units take a leadership role in defining								
					and implementing the comprehensive system of services								
					and support for adults with serious mental disorders, in								
					conjunction with leadership at the two state operated								
					inpatient facilities, Riverview Psychiatric Center and								
					Dorothea Dix Psychiatric Center both of which have								
					separate Quality Improvement Councils. The Statewide								
					Quality Improvement Council participates in these								
					activities as well. Operationally, services are delivered								
					primarily through performance based contracts.								
					Contracted services include case management/ACT teams,								
					crisis/emergency, housing/community residential/in-home								
					supports, rehabilitation/peer support,								
					outpatient/medication management, inpatient and

		Foster		provides independent living and adoption assistance for	Services	Fund					
		Care/Ado		children who are eligible under title IV-E of the Social							
		ption		Security Act. The program has two primary functions							
		Assistance		under which are several secondary functions:							
				1) Funding of Board, Care and Clothing: Funds are							
				provided to foster parents, residential care facilities, group							
				homes, other providers, adoptive parents as board							
				payments and for purchase of clothing for children in the							
				care or legal custody of the department or who were							
				subsequently adopted with continuing financial assistance.							
				Funds are also used to provide independent living services							
				to youth approaching adulthood. Rates for board and care							
				and for clothing allowances are established based on							
				legislative appropriations. Specialized foster care rates are							
				approved centrally based on the special needs of the child							
				and the services to be provided by the foster parent.							
				Residential and group care rates are established through a							
				rate setting process. Independent living services are							
				directly delivered by Human Services Caseworkers.							
				2)Child Welfare Training: Provides for the administration							
				and purchase of child welfare training and expenses of							
				trainers and trainees. Training is developed and/or							
				provided to newly hired staff, current staff, supervisors,							
				managers, providers of service to children served under							
				this program, including foster parents and adoptive							
				parents. The Child Welfare Training Institute provides

			Foster		adoption assistance for children who are not eligible for								
			Care/Ado		assistance through Title IV-E of the Social Security Act								
			ption		and to provide services to all children in the care/custody								
			Assistance		of the State. This program has three primary functions:								
					1) Funding of Board, Care and Clothing: Funds are								
					provided to foster parents, residential care facilities, group								
					homes, other providers and certain adoptive parents as								
					board payments and for purchase of clothing for children								
					in the care or custody of the Department or who were								
					subsequently adopted with continuing financial assistance.								
					2) Services and Transportation: In addition to paying for								
					board, care, and clothing for the children who do not								
					qualify for federal funds for these services, the funds								
					provide for various costs for all children in state care or								
					custody including necessary transportation to services. It								
					also pays for adoption assistance for children who do not								
					qualify for federal assistance, usually in the form of a								
					monthly board payment and clothing allowance.								
					3) Provision of Day Care: Since few two-parent families in								
					Maine are able to meet their needs with only one income,								
					provision of day care services for young children in the								
					care or custody of DHHS is needed in order to expand the								
					number of available family foster homes by adding								
					families where the single foster parent or both foster

			Council		S		runu					
			Council		financial support since 1989. The State's continuing							
					support directly benefits Maine families struggling to cope							
					with difficult end of life stresses. The Council supports							
					volunteer hospice programs throughout the state whose							
					many volunteers provide caring and professional services							
					to families dealing with a dying family member.							
					In 2001 the Maine Legislature directed the Bureau of							
					Health to establish the Maine Center for End-of-Life Care							
					within the Maine Hospice Council. This task brought a							
					wider focus that incorporated all aspects of quality end-of-							
					life care to include pain management. Recognition of the							
					valuable and professional services the Council provides led							
					the Legislative Committee on Judiciary to ask the Council							
					to assume several more responsibilities last year. To							
					address the need for specialized education in pain							
					management the Council, in collaboration with the Maine							
					Pain Initiative and the USM, Muskie School of Public							
					Service wrote and published "Pain Management at the							
					End of Life, A Physician's Self-Study Packet", a							
					continuing education course (3 Category 1 CME) for							
					Maine physicians. The self-study packet was recently cited							
					by FDA as best practices on pain management. One							
					thousand copies are available and are free to Maine							
					physicians and others with prescribing privileges. The							
					Council has accepted and carried out these additional							
					responsibilities though no additional funding from the							
					state was allocated for these tasks.

429	HUM	10191	Maternal and Child Health	BASELINE BUDGET	The Maternal and Child Health program is funded through the Federal Maternal Child Health Block Grant under Title V of the Social Security Act. The program provides a variety of direct services and preventive health education programs aimed at improving the health of Maine women, infants, children, and families statewide. In addition to providing direct services, the program assures accessibility to appropriate preventive primary and special health services, especially those with low income and/or limited availability to health services.	Public Health	Federal Expendit ures Fund	1	-	-	7,454,746	7,454,746
430	HUM	0191	Maternal and Child Health			Public Health	Federal Block Grant Fund	1	17.0	17.0	2,450,660	2,477,480
431	HUM	10488	Rape Crisis Control	BASELINE BUDGET	The Rape Crisis Control program is part of the Center for Disease Control, Preventive Health and Human Services Block Grant that provides direct services to individual victims of rape and sexual assault. Services are available 24 hours per day through a statewide network. These funds support the community awareness and prevention efforts of the program.	Public Health	Federal Block Grant Fund	1	-	1	32,720	32,720
432	HUM	10518	Aids Lodging House	BASELINE BUDGET	These funds provide emergency housing support for people living with HIV/AIDS. Stable Housing increases a person living with HIV/AIDS medical adherence including HIV related drug therapy, decreasing their viral load. The AIDS Lodging House no longer exists and these funds are dispersed through a local community based organization.	Public Health	General Fund	1	-		37,496	37,496
433	HUM	10697	Maine Water Well Drilling Program	BASELINE BUDGET	The Maine Well Drillers Commission establishes standards for drinking water and geothermal well construction and licenses and regulates well drilling contractors, drillers, and pump installers to ensure protection of Maine's ground water supply and consumers receive a properly located and constructed drinking water well. All funds are derived from licensing fees and are used to pay for one clerical position (which provides support for the day to day activities of the Maine Well Drillers Commission that meets monthly), record keeping, supplies and miscellaneous expenses. A major focus of the program is to provide an easily accessible vehicle for dispute resolution between well drillers and their customers.	Public Health	Other Special Revenue Funds	1	1.0	1.0	69,253	70,483
434	HUM	10728	Drinking Water Enforcem ent	BASELINE BUDGET	The Drinking Water Enforcement program is the primary enforcement authority of the Federal Safe Drinking Water Act which was established by Congress in 1974. The Drinking Water Enforcement program staff performs regular inspections of the 1,900 public water systems in Maine to identify deficiencies which may result in contamination entering the drinking water as well as providing technical assistance to owners and operators. The Drinking Water Enforcement program staff also review operational and water quality test reports from public water systems. Funding from this program also provides licensing for water operators and certification for environmental laboratories.	Public Health	Other Special Revenue Funds	1	4.0	4.0	2,743,691	2,753,077

435	HUM	1 Z008	Maternal and Child Health Block Grant Match	BASELINE BUDGET	The Maternal and Child Health program provides direct services and preventive health programs aimed at improving the health of Maine women, infants, children, including children with special health care needs and their families. This program funds the Maternal and Child Health Services Block Grant Maintenance of Effort (MOE) and match requirements, a three dollar match for every four Federal dollars allocated plus an annual Maintenance of Effort of \$3,903,140. This program funds the \$1,000,000 of the match for the Child Care Development block grant. Several Maine Center for Disease Control and Prevention programs receive funding from this grant, including children with special health care needs, oral health, public health nursing, prenatal education and outreach, evidence-based home visiting, access to health care for teens and young adults, teen pregnancy prevention, injury prevention, youth violence	Public Health	General Fund	1	8.0	8.0	5,356,602	5,361,808
436			Maine School Oral Health Fund	BASELINE BUDGET	The Maine School Oral Health Fund program promotes health through a grant program developed to increase the provision of oral health assessments for children entering elementary school and to provide dental services to eligible elementary school children.	Public Health	Other Special Revenue Funds	1	-	-	23,405	23,405
437	HUM	12037	Data, Research and Vital Statistics	BASELINE BUDGET	Data, Research and Vital Statistics (DRVS) administers Maine's vital registration/statistics systems. It provides quantitative information needed for public health disease investigation and follow-up/surveillance, policy development, program planning, management and evaluation. DRVS produces detailed population estimates for use within and outside the Department of Health and Human Services and collects and compiles data on health status and health resources. DRVS provides technical assistance and consultation related to survey procedures and statistical analysis. DRVS is an affiliate state census data center. State and federal statutes require registration of vital events such as births, deaths, marriages, adoptions, induced abortions, miscarriages, and fetal deaths. Statistical information on the health status of Maine people is needed to identify and monitor public health issues.	Public Health	General Fund	1	5.5	5.5	1,492,074	1,503,286
438		Z037	Data, Research and Vital Statistics			Public Health	Federal Expenditu res Fund	1	2.0	2.0	641,777	645,837
439	HUM		Data, Research and Vital Statistics			Public Health	Other Special Revenue Funds	1	10.0	10.0	1,493,058	1,508,488
440	HUM	1 Z 069	Breast Cancer Services Special Program Fund	BASELINE BUDGET	The Breast Cancer Services Special Program Fund allows the receipt of fees from the sale of breast cancer prevention license plates. Initiated 10/1/2008, revenues generated by the sales of the Maine Breast Cancer Awareness License Plate are credited to the Breast Cancer Services Special Program Fund. Funds are equally dispersed among: Maine Breast and Cervical Health Program (MBCHP), Maine Breast Cancer Coalition and Maine Cancer Foundation. The MBCHP will utilize the funds for mammography services provided to clients.	Public Health	Other Special Revenue Funds	1	-	-	212,328	212,328

										-	-	
441			Childhood Immuniza tion Program	BASELINE BUDGET BASELINE BUDGET	The program is administered by the department for the purposes of expanding access to immunizations against all diseases as recommended by the federal Department of Health and Human Services, Centers for Disease Control and Prevention Advisory Committee on Immunization Practices, optimizing private resources and lowering the cost of providing immunizations to children. The Private Well Safe Drinking Water Fund program,	Public Health	Other Special Revenue Funds	1	,		12,427,340	12,427,340
772	IIO.	2233	Well Safe Drinking Water Fund	BASELINE BUDGET	established in Public Law 2017 Chapter 230, is used to reimburse the department's costs of waiving the fee for testing private residential water supplies upon a showing of indigency, and the department's costs to support educational outreach programs to promote testing of private residential wells.	Health	Special Revenue Funds				32,040	32,040
462	HUM	0228	Purchased Social Services	BASELINE BUDGET	The Purchased Social Services program delivers a wide array of crucial community-based social services, including child care, domestic violence, sexual assault, crime victim advocacy, homemakers, refugee resettlement social, cash & medical, elderly nutrition, transportation, family planning, children's residential, supervised visitation, and various support services for protective children and adults, and children in state custody. The Federal - Purchased Services account provides funding from 12 federal discretionary grants from the Department of Health & Human Services, the Department of Justice, and the Centers for Disease Control. The Special Revenue - Purchased Services account provides funding for all the state's Communities for Children Vista positions. A portion of the state funds are utilized to match federal programs such as Medicaid, the Child Care Development Fund Block Grant and other Department of Health and Human Services and Department of Justice discretionary funding to expand services at the community-agency level.
