SUBJ: Biennial Budget Report Back

The Agriculture, Conservation and Forestry (ACF) Committee is pleased to submit the following report for the proposed 2022-2023 biennial budget initiatives related to Agriculture, Conservation and Forestry. We voted unanimously in favor of all initiatives and language parts with the following proposed changes to the biennial budget. **Please see attached three-page document prepared by the Department of Agriculture, Conservation and Forestry (ACF) summarizing the changes to the biennial budget as proposed by the ACF Committee.**

1. Maine Meat and Poultry Inspection Program:

The ACF Committee voted unanimously to amend three initiatives relating to the Maine Meat and Poultry Inspection (MMPI) Program.

- Ref. #213 and 214 on Pages 3 and 4 establish one limited-period Consumer Protection Inspector position funded 50% General Fund (GF) and 50% Federal Expenditures Fund (FEF) in the Bureau of Agriculture program (0393). This position will provide inspection services to meeting increasing demand in the MMPI Program and reduce wait times for livestock producers. **The ACF Committee voted unanimously in favor of establishing this as an ongoing position rather than a limited-period position as proposed in the budget;** the ACF Committee recommends adding this position to the baseline budget (adding one legislative count position).
- Ref. #216 and 217 on Pages 4 and 5 under the Bureau of Agriculture (0393) and Ref. #231 and 232 on Page 37 under the Office of the Commissioner (0401) are companion initiatives. These two initiatives establish one limited-period Inspection Process Analyst Coordinator Position for the MMPI Program funded 50% GF and 50% FEF within the same program and provides funding for related All Other costs; and provides All Other

(over)

funds in the Office of the Commissioner program, GF and Other Special Revenue Funds for administrative costs related to the position. This position will administer day-to-day operations in the MMPI Program, which has experienced increasing demand with the new Cooperative Interstate Shipment program. **The ACF Committee voted unanimously in favor of establishing this as an ongoing position rather than limited-period position as proposed in the budget;** the ACF Committee recommends adding this position to the baseline budget (adding one legislative count position).

2. PFAS testing and assistance:

In addition, the ACF Committee voted unanimously to amend one initiative and to add a new initiative – both relating to perfluoroalkyl and polyfluoroalkyl substance (PFAS) testing and assistance for farmers.

- Ref. #215 on Page 4 provides funding to continue PFAS testing in foods for which state action levels have been established. The Governor’s PFAS Task Force recommended additional robust testing of agricultural products. In order for the Department of Agriculture, Conservation and Forestry to continue to monitor the health of Maine’s milk supply and investigate beef (the two products with established state action thresholds), it needs sustained and adequate funding to conduct sampling, perform laboratory analysis and to obtain necessary specialized supplies for PFAS.

The committee recognized that the budgeted \$13,000 for each fiscal year was not nearly enough to begin to address this emerging crisis. **As a result, the ACF Committee voted unanimously to increase funding for PFAS testing by \$50,000 in each fiscal year for a total of \$63,000 in each fiscal year.**

- Additionally, **the ACF Committee voted unanimously in favor of adding one ongoing legislative count position in the baseline budget within the Bureau of Agriculture to coordinate PFAS education and outreach to farmers and to support increased testing of agricultural products.** The initiative would provide the following funding from the GF:
 - In fiscal year 2021-22: \$97,496 for personal services and \$3,902 for All Other for a total of \$101,398.
 - In fiscal year 2022-23: \$102,363 for personal services and \$3,902 for All Other for a total of \$106,265.

3. Bureau of Parks and Lands – seasonal into year-round positions

Finally, **the ACF Committee voted unanimously to combine six seasonal positions into three year-round positions under the Bureau of Parks and Lands, Parks – General Operations (Z221).**

We recommend combining four seasonal Park Manager II positions into two year-round Park Manager II positions – establishing two new legislative count positions in the baseline budget. We recommend combining two seasonal Park Ranger positions into one year-round Park Ranger position – establishing one new legislative count position in the baseline budget. The cost of these initiatives is \$7,093 in fiscal year 2021-22 and \$8,388 in fiscal year 2022-23.

PART V

Sec. V-1. 12 MRSA §1802, as amended by PL 2017, c. 284, Pt. P P P P P P, §1, is further amended to read:

2. Deputy director. The director is assisted in executive duties by a deputy director. The deputy director position is a classified, confidential position.

4. Appointment. The director ~~and the deputy director are~~ is appointed by and will serve at the pleasure of the commissioner.

**PART V
SUMMARY**

This Part changes the Deputy Director position from serving at the pleasure of the Commissioner to a classified, confidential position.

PART W

Sec. W-1. 12 MRSA §1849, as amended by PL 2017, c. 289, is further amended to read:

2. Fund established. All income received by the director from the public reserved lands, except income provided for in section 1855, must be deposited with the Treasurer of State to be credited to the Public Reserved Lands Management Fund, which is established as a nonlapsing fund and is subject to allocation by the legislature. Any interest earned on this money must also be credited to the fund. No expenditure may be made from the fund other than for the bureau's general operating purposes with respect to management of the public reserved lands unless the fund has a cash operating balance of at least \$2,500,000 at the start of the fiscal year during which the expenditure is made.

4. Expenditures from fund. ~~Expenditures from the Public Reserved Lands Management Fund, including but not limited to money expended for road building and road maintenance, are subject to legislative approval in the same manner as appropriations from the General Fund. Money in the Public Reserved Lands Management Fund may not be expended in excess of or in any manner inconsistent with the legislative allocation of the fund by the Legislature. The joint standing committee of the Legislature having jurisdiction over public lands matters, referred to in this subsection as "the jurisdictional committee," shall review all allocations or subdivisions of allocations from the fund.~~

A. Before ~~January~~ February 15th of each odd-numbered year, the commissioner shall submit to the jurisdictional committee a detailed proposed budget for expenditures from the fund for the budgetary biennium. Before January 15th of each even-numbered year, the commissioner shall submit to the jurisdictional committee a detailed budget for any proposed modifications to the legislative allocations of the fund during the remainder of the budgetary biennium.

**PART W
SUMMARY**

This Part allows the department to submit financial orders for this account and adjusts the budget report submission date in odd-numbered years to align with the submission of a biennial budget from a Governor-elect. Legislative reporting requirements and oversight remain intact.

PART X

Bureau of Agriculture 0393 (referred to as Initiative **215A** in committee)

Initiative: Establishes one Toxicologist position funded 100% General Fund in the Bureau of Agriculture program and provides funding for associated All Other costs.

Justification: This position will coordinate the efforts and testing to implement recommendations from the Governor's PFAS Task Force within the Bureau of Agriculture, Food and Rural Resources. The Task Force recommended additional robust testing of agricultural products. In order for DACF to continue to monitor the health of Maine's milk supply and investigate other products as needed, as well as support farmers in understanding and navigating their options if impacted by PFAS, it needs sustained and adequate staff and funding to conduct sampling, laboratory analysis, and obtain necessary specialized supplies for PFAS.
