MEMORANDUM

TO: Senator Cathy Breen, Senate Chair

Joint Standing Committee on Appropriations and Financial Affairs

FROM: Senator Matthea Daughtry, Senate Chair MD (S)
Representative Mike Sylvester, House Chair MS (S)
Joint Standing Committee on Labor and Housing

DATE: March 17, 2022

SUBJ: Supplemental budget recommendations

On March 16, 2022, the Joint Standing Committee on Labor and Housing reviewed the budget items pertaining to the agencies under its jurisdiction in the Governor’s proposed supplemental budget for FY22, as considered in LD 1995, An Act To Make Supplemental Appropriations and Allocations for the Expenditures of State Government, General Fund and Other Funds and To Change Certain Provisions of the Law Necessary to the Proper Operations of State Government for the Fiscal Years Ending June 30, 2022 and June 30, 2023.

The LBHS Committee voted on the initiatives as follows.

Department of Economic and Community Development

Housing Opportunity Program

Ref #s 296, 297 and 298: Out of a total of 7 LBHS Committee members present and voting, 5 voted to move these three initiatives in, while 2 voted against moving these initiatives in.

Maine State Housing Authority

Ref # 465: Out of a total of 7 LBHS Committee members present and voting, all 7 unanimously voted to move this initiative in.

Department of Labor

Ref #s 877 and 878: Out of a total of 7 LBHS Committee members present and voting, all 7 unanimously voted to move this initiative in.

Employment Security Services

Ref # 882: Out of 7 LBHS Committee members present and voting, 5 voted to move this initiative in, while 2 voted against moving this initiative in.

Ref #887: Out of 7 LBHS Committee members present and voting, all 7 unanimously voted to move this initiative in.

Regulation and Enforcement

Ref #880: Out of 7 LBHS Committee members present and voting, 6 voted to move this initiative in, while 1 voted against moving this initiative in.

Permanent Commission on the Status of Racial, Indigenous And Tribal Populations

Ref #976: Out of 7 LBHS Committee members present and voting, all 7 unanimously voted to move this initiative in.

Workers' Compensation Board

Ref #s 1018 and 1019: Out of a total of 7 LBHS Committee members present and voting, all 7 unanimously voted to move these two initiatives in.

Part U Language

Out of a total of 7 LBHS Committee members present and voting, 5 members voted to move this language piece in, while 2 voted against moving this language piece in.

Part NN Language

Out of a total of 7 LBHS Committee members present and voting, 5 members voted to *amend* Part NN Language to make the cost of living adjustment (COLA) a long-term and ongoing statutory provision, while 2 members voted against this proposal. The 5 members echo concerns shared at the public hearing on LD 1995 held in conjunction with the AFA Committee on March 3, 2022, especially surrounding the cap on COLA at 3% and the \$20,000 cap on the amount of money that is eligible for COLA.

Additional Initiatives

LD 1891

The LBHS Committee also urges the Joint Standing Committee on Appropriations and Financial Affairs to fund LD 1891, "An Act To Continue Supporting Safe Drinking Water for Maine Families." This bill was one of the few reported out of the LBHS Committee with a unanimous report – and the *only* bill from the LBHS Committee where members unanimously agreed to double the amount of funding from \$500,000 to \$1,000,000. The LBHS Committee hopes that the AFA Committee agrees with the importance of this bill and takes swift action to fund it and enact it.

Thank you for the opportunity to provide input on these matters.

This initiative reallocates 5 Rehabilitation Counselor I positions to support the increased need for Independent Living services for Mainers who are blind or visually impaired and to teach specialized adaptive skills to older individuals who are experiencing serious vision loss that leads to total or legal blindness. Federal funding is no longer available for services to individuals whose goal is not related to employment. The Department has continued to provide these services to individuals who seek assistance with adapting to their vision loss so that they can remain independent while participating fully in home and community life. This initiative also provides All Other funding to continue teaching adaptive skills enabling older persons who are experiencing serious vision loss to continue to function independently in their homes and communities.

Justification:

This request increases one Secretary Legal position's hours from 54 hours to 80 hours biweekly to meet operational needs in the Advocate Program. The average case count in this position's office is 92, the highest of the five Advocate offices statewide. The Workers' Compensation Board is paying overtime weekly to the sole Secretary Legal in this office, but backlogs persist. The estimated increase in insurance assessment revenue provides the resources to cover the increased costs.

Justification:

This initiative provides funding to cover an increase in STA-CAP charges. The Workers' Compensation Board (WCB) moved out of a state-owned facility in July 2016. When the STA-CAP rates were being determined for fiscal year 2018-2019 (based on costs incurred in fiscal year 2016-2017) the cost of square footage was incorrect because it was still based on the WCB being in a state-owned facility. To correct this the rates were reduced to avoid an overcharge. The rate set for fiscal year 2021-22 was calculated based on actual costs in fiscal year 2019-20 reflecting the WCB being housed in leased space and setting the rate at an accurate and appropriate level. The estimated increase in insurance assessment revenue provides the resources to cover the increased costs.

§13056-J Housing Opportunity Program

1. Program established; administration. The Housing Opportunity Program is established within the department to encourage and support the development of additional housing units in Maine, including housing units that are affordable for low and moderate income people and housing units targeted to community workforce housing needs. The department shall administer the program and provide technical and financial assistance to support communities implementing zoning and land uses related policies required to support increased housing development. The program will support regional approaches, municipal model ordinance development, and will encourage policy that supports increased housing density where feasible to protect working and natural lands.

2. Housing Opportunity Fund. The Housing Opportunity Fund referred to in this section as "the fund," is established as a fund within the department for the purpose of providing funds for the program. The fund consists of money appropriated to the fund by the Legislature and any funds received by the department for the purposes of the program.

A. Service Provider grants. The department shall solicit applications for grants from the fund through a competitive application process that may be awarded to experienced service providers to support municipal ordinance development, technical assistance, and public process and community engagement support. These programs may encourage regional coordination between municipalities.

B. Community Housing Incentive Program grants. The department shall solicit applications for the following:

1. Community housing planning grants to be awarded through a competitive process to municipalities to support the creation of housing development plans which include ordinance and policy amendments to support those plans. The grants shall be awarded for a period of up to three years, with required progress reports each year.

2. Community housing implementation grants to be awarded through a competitive process to support the implementation of community housing priorities.

C. Direct Technical Assistance. The department shall provide technical assistance, housing policy development, and guidance directly to regional groups, municipalities and other housing stakeholders, to the extent feasible with available resources. This may include, but is not limited to, assisting municipalities with information about available grant opportunities, sharing best practices from jurisdictions inside and outside of Maine, providing model language for local ordinances and policies, and providing information to the general public which may support local and statewide policy changes meant to increase the supply of housing.

3. Program evaluation. Any recipient of grant funds through this program shall cooperate with the department in performing program evaluation and specific reporting requirements.

4. Report. By January 15, 2024, the department shall report to the Governor and the joint standing committees of the Legislature having jurisdiction over economic development and housing matters about the program with any recommendations for changes in the statutes to improve the program and its delivery of services to municipalities. The joint standing committees of the Legislature having jurisdiction over economic development and housing matters may report out a bill relating to this program and continued funding.
