Be it further ordered,  
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2023", for which this shall be our sufficient warrant.

**Statement of Fact**

The Maine Center for Disease Control and Prevention (Maine CDC) received a two-year Public Health Crisis Response grant (CFDA #93.354) through the American Rescue Plan (ARP) Act in July 2021. This grant requires that at least 25% of the award support school-based health programs including nurses or other personnel. The Maine CDC has approved additional projects to utilize the remaining funds including continuing an ongoing contract for 4 School Nurse Regional Liaisons, provide scholarships and create a cohort for nurses to help prepare them for taking the National Certification exam and to contract with an evaluator to provide a state assessment of the implementation of the current school health services. The intention was to encumber contracts for the additional projects in fiscal year 2021-2022, but the contracts were not ready for encumbrance until fiscal year 2022-2023 and there currently is not enough allotment to cover these encumbrances. This financial order increases the allotment so these contracts can be encumbered.
