**ORDERED,**

That the State Controller increase allotment in account 025-10A-0129-09, Office of MaineCare Services, by \$111,831 in the All Other line category for the purpose of providing funding for contractual obligations and to pay for projected Office of Information Technology bills; and,

Be it further ordered,  
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2023," for which this shall be our sufficient warrant.

**Statement of Fact**

This financial order provides allotment to fund contractual obligations to strengthen Maine's crisis service system through the development of qualifying community-based mobile crisis intervention services in the Medicaid program and to pay for estimated Office of Information Technology (OIT) bills. Contractual obligations include the Open Beds Service Locator Tool and a contracted project director position. The grant has been extended and additional funding is required to ensure project management and compliance. Existing available allotment intended for these contracts was needed for an unbudgeted increase in contracted staffing costs. States that provide qualifying mobile crisis services are eligible for 85% Federal Medical Assistance Percentage (FMAP). Funding is provided by the State Planning Grants for Qualifying Community-Based Mobile Crisis Intervention Services authorized by the American Rescue Plan Act of 2021.

ORDERED,

That the State Controller increase allotment in account 013-12A-0245-66, CARES Employment Security Administration, by \$300,850 in the Personal Services line category and by \$547,831 in the All Other line category for the purpose of funding federal CARES Act appeals and other close-out activities; and,
