#### **SPECIAL SENTIMENT CALENDAR**

In accordance with House Rule 519 and Joint Rule 213, the following item:

##### **In Memory of:**

Maxwell Leland McCormack, Jr., of Orono. Dr. McCormack was a veteran of the United States Army Active Reserve. An accomplished graphic artist and a scholar of World War II, he taught at Southern Illinois University, the University of Maine, the former Maritime Forest Ranger School in Fredericton, New Brunswick and the University of Vermont. He was a guest professor in German universities in Gottingen from 1972 to 1973 and in Freiburg im Breisgau in 1991. In 1997 Dr. McCormack retired from the University of Maine as research professor emeritus of forest resources. He was a fellow in the Society of American Foresters, a distinguished member of the Northeastern Weed Science Society and an honorary lifetime member of the University of Maine Cooperative Forestry Research Unit, the Maine Hardwood Association and the New Hampshire-Vermont and the Maine Christmas Tree Associations. He received many recognitions and awards, including the Humboldt Prize from the Alexander von Humboldt Foundation in Germany and the 2023 Peter Lawrence Award for Outstanding Service to Maine Woodland Owners. Dr. McCormack will be long remembered and sadly missed by his family, friends and community;

(SLS 295)

On **OBJECTION** of Representative CROCKETT of Portland, was **REMOVED** from the Special Sentiment Calendar.  
**READ.**

The SPEAKER: The Chair recognizes the Representative from Portland, Representative Crockett.

Representative **CROCKETT**: Mr. Speaker, Ladies and Gentlemen of the House, I first met Mr. McCormack in the fall of 1981, when I was pledging at the Sigma Nu fraternity at the University of Maine. Max was a proud graduate of UMO and a dedicated brother of Sigma Nu, and he served as our faculty advisor.

In a moment, I will list a few of his many accomplishments, but first, I wanted to share my personal connection. Due to our house's struggling GPA, we all got to know Max fairly well, but it was my senior year when initiating new members that I met Max's son, Pat, our latest pledge. I was honored to be asked by Pat to be his big brother, which is a very big deal in fraternity life. From there, I enjoyed many good times with the McCormacks and can attest to the wonderful men they were and became.

Another brother forwarded me Max's obit just a few weeks ago. I've never read a more impressive obit. I'm just going to highlight the accolades associated with the State of Maine today, but be aware; this man was decorated across the globe. In 1956, Dr. McCormack earned forestry degrees from the University of Maine and was a member of Signa Nu fraternity in Orono. "He coached youth ice hockey, including the Orono Bantams in the first game on the Alford Arena ice sheet in 1977. He contributed to a variety of community efforts and responsibilities in the towns that he resided." Dr. McCormack taught at the University of Maine, retiring in 1997. I'm kind of jumping back and forth to his obit, so, I apologize for that. He was a distinguished member, "an honorary lifetime member of the University of Maine Cooperative Forestry Research Unit, the Maine Hardwood Association, the New Hampshire, Vermont, and the Maine Christmas Tree Associations. During his career, he received many recognitions and awards, including the Albert D. Nutting Award from the Maine Forest Products Council, the Austin H. Wilkins Forest Stewardship Award and, in 2023, the Peter Lawrence Award for Outstanding Service to Maine Woodland Owners. The Wilkins Award citation credited McCormack for leading the vibrant recovery of over one million acres of Maine spruce-fir forests after a cataclysmic 1975–85 spruce budworm epidemic."

Dr. McCormack was; I just said that, so, I'm going to end with rest in peace, Dr. McCormack.

Subsequently, this Expression of Legislative Sentiment was **ADOPTED** in concurrence.

Representative **RUDNICKI**: Mr. Speaker, I would like you to clarify, so that folks realize on both sides of the aisle what we're actually voting on, please.

The **SPEAKER PRO TEM**: Thank you. The Chair would be happy to clarify. If you are in favor of suspending House Rule 524 in order to vote on this Order today, you will vote yes. The **SPEAKER PRO TEM**: The Chair recognizes the Representative from Fairfield, Representative Rudnicki.

Representative **RUDNICKI**: Mr. Speaker, I just find it ironic that we're voting to suspend this Rule, so that we can't do it, but we had no problem on prior motions like this to let them; I just wanted to put that on the record that, you know; we seem to obviously pick and choose what we want to do and, you know, it is at the will of the majority party, so, here we go again.

The **SPEAKER PRO TEM**: A roll call has been ordered. The pending question before the House is Suspension of House Rule 524 for the purpose of voting on this House Order without tabling it for one legislative day. All those in favor will vote yes, those opposed will vote no.

RESTRICTED - Libby.

Yes, 141; No, 0; Absent, 9; Excused, 0; Restricted, 1.

141 having voted in the affirmative and 0 voted in the negative, with 9 being absent and 1 restricted, and accordingly House Rule 524 was **SUSPENDED**.

The **SPEAKER PRO TEM**: The Chair recognizes the Representative from Fairfield, Representative Rudnicki.

Representative **RUDNICKI**: Thank you, Mr. Speaker. First of all, I'm a little disappointed that the House Order didn't get read in its entirety, which I could do, but I really don't want to tick off a lot of Members. So, I'm going to read instead what I did.

I brought this censure forward because this Body was totally disrespected and put in possible deadly harm by the Speaker, at the time with the direction of the Clerk. Many of our Members on both sides of the aisle drive home at night, or early in the morning as we go late. Since I have been in office, we have had a few Members who have been in accidents driving home. What is it going to take for us to take this issue seriously? Is someone going to have to die before you understand the gravity of the situation? Members driving home exhausted is not beneficial to anyone, except to push through the bills that the majority wants if people give up and leave. This Rule was put in place for a reason, and if you want to change it, then you need a two-thirds vote of this Body.

Now, reading Rule 501, I'm going to skip to the last two lines, because the first part of it does basically just show the order of business. The final two lines say, "a paper may not be taken up out of its regular order," and "business may not be transacted in the House after the hour of 9:00 p.m." Mr. Speaker, House Rule 501 exists and governs House operations. It is a hard and binding Rule of the House. It does not need to be invoked at the exact time that your wristwatch strikes 9:01 p.m.; that's just lunacy and a false interpretation of House Rule 501. The Chair cannot infer a Ruling when the Rule is explicit and binding on the Body.

It is incumbent upon the Chamber's Presiding Officer to adhere and enforce all rules of the House as they are written. It is, was and has been incumbent upon you to call for a two-thirds to suspend the Rules to continue House business every time work goes past 9:00 p.m. You have failed to do that, and willfully disregarded House Rule 501 at every opportunity. That is a dereliction of duty by the Presiding Officer, and it is why we must censure Speaker Fecteau today; so that this abusive and lawless pattern of behavior does not continue in this Body. Thank you, Mr. Speaker.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Newport, Representative Fredette.

Representative **FREDETTE**: Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I appreciate the frustration of the Good Representative from Fairfield. However, the people have sent us here to get serious work done, and elections have consequences, and the Speaker has been duly elected and has certain responsibilities and I think, frankly, we need to focus on our work and not focus on censures, which I think has been a huge distraction of this Body for the last three months. And while I share the frustration of the Good Representative from Fairfield, I don't think it's appropriate, and I don't think it's appropriate at this time, I don't think it's appropriate for this institution and I will be voting no on the motion.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Arundel, Representative Parry.

Representative **PARRY**: Thank you, Mr. Speaker. I also share the frustration, but I share the frustration with all of it. The stuff that's gone on over the last few weeks; this censure, the last censure, too, the Good Representative from Auburn.

We have House Rules; I think everybody agrees we should go by them. If we're not going to go by them, why have the House Rule? This is my seventh term. We have not gone by this House Rule. Why do we have the House Rule? If we're not going to go by it, if we're going to pick and choose which House Rules we go by, that makes us all look foolish. I think if we're going to go past 9:00 regularly, like we do, and we've done it over my seven terms, this part of the House Rule 501 should not be there. And if it's going to be there, have a whole bunch of steps into it. I have no problem going after 9:00 if going after 9:00 means we have half an hour more to go or we have an hour more to go. But that should be in the House Rule. I don't think that we should; I'll use an older term; willy-nilly go by the rules we like and the ones we don't like. But I think that business conducted in this House, we should at least go by those rules. Stuff that's conducted here. And I think if we're not going to go by a House Rule, then we should remove that House Rule. And if we're going to keep the current House Rule, put in some guidelines. I have no problem, I think most Members don't have a problem if it's going an extra half-hour or it looks like we're at the end of a debate or whatever it might be. Not knowing if you're going to be here until one, two, three o'clock in the morning at 9:00 is ridiculous. And it should be ridiculous to all of us, not just the minority party or not just the majority party.

So, I think if we're going to keep this Rule into effect, then we should go by it or put something in there that has some teeth in it that we can use this Rule, or if we want to go by it, we go by it. But I think if we're going to have House Rules, we should go by them, and if we're not going to, then we should remove them from the House Rules.

Representative GRAMLICH of Old Orchard Beach **REQUESTED** a roll call on **PASSAGE**.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Old Orchard Beach, Representative Gramlich.

Representative **GRAMLICH**: Thank you, Mr. Speaker. Mr. Speaker and Honorable Colleagues of the House, I rise in opposition to the pending motion.

Today, we have before us a censure Order to a Member of this Body, the Speaker of the House, for an alleged violation of House Rule 501, commonly known as the, quote, 'Nine O'Clock Rule,' and subsequently, House Rule 523, which requires a two-thirds vote to dispense with Rule 501. This Order alleges that the Speaker of the House, quote, "transacted business in the House after the hour of 9:00 p.m., after having been asked by numerous Members of the House to stop transacting business," end-quote. Further, Mr. Speaker, it states that, quote, "this violation contradicts the principles of fairness, transparency, and adherence to established legislative rules", end-quote.

Unfortunately, Mr. Speaker, this censure Order fails to recognize decades of established precedent and rulings on numerous occasions, by both Democrat and Republican Speakers, that have allowed the House to work past 9:00 p.m. and to suspend the rules by implication. In the 1970s and 1980s, the House Record indicates that this Body worked past 9:00 p.m. with some regularity, including at least 20 instances. In half of them, no vote or motion to suspend the rule was offered or did it take place, and the House continued its business by suspending the rule by implication of unanimous consent. More recently, Mr. Speaker, the House Record shows instances in each of the last 10 sessions in which the House continued to work past 9:00 p.m. and no motion to suspend the rule was offered, meaning that each time, the House simply kept working by implication and voted to continue. Objections have been raised occasionally, Mr. Speaker. There are at least five instances where a Member had raised an objection regarding the 9:00 p.m. rule after nine o'clock and the Speaker ruled this suspension by implication, including 1986, 1989, 1995, 2008 and 2018. On the contrary, there are no records of when a Member has raised an objection past 9:00 p.m. and the Ruling of the Chair was not that the House had voted to continue working by implication. There's also precedent for a Member raising the 9:00 p.m. rule before nine o'clock and the Speaker ruled that the Member could not make the motion before the top of the hour. This scenario happened as far back as 1997. The Speaker at that time ruled that a Member could not make the motion before 9:00. The House then continued conducting its business.

This is not a partisan issue, Mr. Speaker. In the 125th Legislature, under the leadership of Republican Speaker Bob Nutting, the House worked past 9:00 p.m., having suspended the rule by implication on at least five occasions, including June 7, 2011; June 8, 2011; April 13, 2012; May 15, 2012; and May 16, 2012. Democrats did not attempt to censure Speaker Nutting on any of those occasions.

This overwhelming evidence of collective precedent unequivocally demonstrates that Speaker Fecteau was not in violation of either House Rule 501 or House Rule 523 on March 20. Any arguments that suggest otherwise fail, either willingly or unwillingly, to acknowledge the precedent that has played a critical role in governing the proceedings of the House of Representatives for decades. It also fails to acknowledge that the Chair's Ruling was challenged, and his Ruling was upheld by a vote of the House.

The censure of a Member of this Body should not be taken lightly, Mr. Speaker, nor should it be wielded frivolously or vindictively. This attempt to punish Speaker Fecteau for adhering to precedent does not constitute legitimate grounds for censure; it only serves to distract from the important work that the people of Maine sent us here to do. For all these reasons, Mr. Speaker, I oppose the pending motion. Thank you.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Winter Harbor, Representative Faulkingham.

Representative **FAULKINGHAM**: Thank you, Mr. Speaker. Mr. Speaker, I rise today to express my profound disappointment.

I am disappointed that your party, Mr. Speaker, has made a mockery of the censure process. There have been four censures in the history of the Maine Legislature; all four of them have been Republicans, the last three of which have been within the last year and a half. The most notable of which was the most recent censure and what I would refer to as expulsion of Representative Libby. It's made a mockery out of the process. And that's disappointing, Mr. Speaker, that it's got to this point, and I think it's out of frustration that we see this censure Order today.

The Representative from Biddeford, in my opinion, did violate House Rule 501. It was clear that the Representative from Poland brought the point before 9:00 p.m. and then immediately after, when we returned, that the Representative from Fairfield tried to invoke the Rule again. But the Chair ruled by implication that we had moved forward. I think there's some serious problems, as the Representative from Arundel brought up, that we need to figure out does this Rule matter or not. But for me, this does not rise to the level of a censure.

But Mr. Speaker, I hold you personally responsible through your leadership that these censures have become a mockery, and it's disappointing that we're here today debating another censure when we should be working for the Maine people, trying to accomplish productive things; not be censuring each other over our perceptions of certain rules. Because, let's be fair, the Rule that was broken by the Representative from Auburn is a matter of perception and opinion, and obviously, nobody on this side of the aisle felt that a Rule was broken there and we voted accordingly, and we refuse to make a mockery of the censure process. And I have been consistent in that. Now, some Members of my side will vote out of frustration, because a Rule was broken by a person that is in charge of enforcing it, and I don't think they're wrong in that opinion that the person enforcing the Rule should not be breaking the Rule. But I'll be voting no, because I am not going to vote to make a mockery of the censure process. I won't own that; I won't own that with your side of the aisle, Mr. Speaker.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Hampden, Representative Haggan.

Representative **HAGGAN**: Thank you, Mr. Speaker. I rise today with confusion and concern. As a first-year Representative, I'm committed to learning and growing in this role to serve effectively. Understanding legislative procedures

and rules has been a top priority for me, yet I found our sessions to be, at times, unclear and inconsistent. Based on my experience so far, I'm unsure which rules are to be followed and which are not. While I'm not convinced a censure is the best method to ensure consistency, I have yet to learn of a better alternative. Therefore, given the circumstances, I feel compelled to support this motion. Thank you.

The SPEAKER PRO TEM: The Chair recognizes the Representative from East Machias, Representative Tuell.

Representative **TUELL**: Thank you, Mr. Speaker. A lot has been said here today, and I must say I agree with the Representative from Winter Harbor about much of what he said. Censure shouldn't be a mockery, and many of us believe that it has been.

That being said, we do need to move forward. And to the Good Representative from Hampden's point of what we might do to move forward, I would suggest that we reject this censure, rescind the previous censure this session and moreover, take a look at the Rule whereby censure can be enacted by a majority vote and increase that to two-thirds. Because it should have a high threshold, and that should be something that is done in the spirit of bipartisanship and universal or near-universal recognition. Thank you, Mr. Speaker.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Carmel, Representative Thorne.

Representative **THORNE**: Thank you, Mr. Speaker Pro Tem. I rise not to ask any of my colleagues in this House to follow my light on this vote.

Last week, this week, we debated many things that many of us thought were better off not taking up the time. Votes, floor debates on amphibians and turtles. But here we are, talking about a very serious issue; censorship. And I will not have it belittled because of where it's coming from. Our decision is whether or not to bring this forward. It's already been brought forward. The Representative from Fairfield has brought the House Order forward, our job is to vote on it one way or the other. Whether we decide censorship is too severe or not severe enough is not in debate here. It's whether or not you choose to agree with the fact that a rule has been broken.

There was a movie, *A Few Good Men*, and the line was, "we follow orders or people die, it's that simple." This Body is far from the United States Marine Corps, but we do follow rules. A number of years ago, as a freshman, I chose not to follow a Presiding Officer rule of wearing my mask in this State House after it was deemed unnecessary everywhere else in the State, except this building. Was I talked to? No. I was taken off Committee, along with six other Members, and we were replaced with Democrats just like that. I requested a face-to-face in the office with the then-Speaker from Biddeford. It was attempted to get a phone call, it was attempted to get a Zoom call and I said, no, I want to meet *mano y mano*, man on man with the Speaker, look him in the eye and ask him why he did what he did. He was very cordial, he did agree to the meeting and we talked in his office. And he told me then it's my job to enforce order and enforce rules as Speaker of the House.

Mr. Speaker Pro Tem, the Representative from Old Orchard Beach cited precedent. She cited all the times that we worked after 9:00; therefore, a precedent has been set. I wonder if that would work with the police department, if I said, I've run all kind of stop signs before, why are you stopping me now and giving me a ticket? Or, I've sped all kinds of times on the roads, why are you stopping me now and giving me a speeding ticket? I've gotten away with it before, I've set a precedent, you should let me go, no punishment. We all know that's absurd.

It's been said before that in this House its filled with hypocrisy, inconsistencies and double standards. Mr. Speaker Pro Tem, my question to this Body is, are we going to enforce a breaching of the rules or not? That's the question before us today on this vote. I would just say we have two choices to make; either we choose to enforce the rules the way that the Speaker from Biddeford has done in the past, or we choose to ignore him and let it go. Thank you, Mr. Speaker Pro Tem.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Bridgton, Representative Cimino.

Representative **CIMINO**: Thank you, Mr. Speaker Pro Tem. I rise because I have heard about precedent. And while precedent is important, I don't believe that, in the past when this was done, that anybody asked the question about; if there were going to be debate about whether or not the hour should be extended past 9:00. So, just because something wasn't challenged in the past, and it was accepted, does not mean that we don't have the opportunity to be able to challenge something the way we have done this time.

We had Representatives on our side that requested information and about the Ruling, and we were blatantly lied to about the fact that it had to be a 9:01 time; which it did not have to be, there's nothing in the Rules that say that. So, this is probably the first time that this has ever happened, that it's been challenged and it's been questioned. And just because it's never been questioned in the past and everybody was amenable to proceeding forward after 9:00, doesn't mean that we don't have the right to be able to request or to debate the fact that this is happening this time.

The other problem that I have is that the Speaker is the person who's supposed to be safeguarding these Rules and leading by example. And not only did he lie, but he didn't request a two-thirds majority, even though he was pressed about it. So, to me, if you've got the Keeper of the Rules and the Keeper of the Rules is not enforcing those Rules, then what do the Rules matter? And for me, as a freshman, what does that mean? Is the message that we don't have to follow rules unless the majority party says that the rules have to be followed? And I have to say that doesn't bode well, because the current majority party may not always be in the majority, and is that setting the precedent for the next majority to be able to just do whatever they choose to do? Thank you.

The SPEAKER PRO TEM: A roll call has been ordered. The pending question before the House is Passage. All those in favor will vote yes, those opposed will vote no.
