#### **SPECIAL SENTIMENT CALENDAR**

In accordance with House Rule 519 and Joint Rule 213, the following item:

**In Memory of:**

Harry Kaiserian, Jr., of Castine, a retired Commander of the United States Navy. Commander Kaiserian spent most of the first part of his naval career at sea. In 1984, he began teaching as a Professor of Naval Science at the Maine Maritime Academy, and he continued on as Registrar after his retirement from the Navy. He was active in many local organizations, including the Friends of the Witherle Library, the Bagaduce Ambulance Corps, the Wilson Museum, the Senior College at Belfast and the Castine Men's Club. An avid cook, he engaged many readers of the Penobscot Bay Press with his collected recipes and the stories that accompanied them and published a cookbook, *K's Kwisine*. Commander Kaiserian will be long remembered and

sadly missed by his family and friends and all those whose lives he touched;

**READ and ADOPTED.**

On motion of Representative MATLACK of St. George, the House **RECONSIDERED** its action whereby the Sentiment was **ADOPTED**.

The SPEAKER: The Chair recognizes the Representative from St. George, Representative Matlack.

Representative **MATLACK**: Thank you, Madam Speaker. Madam Speaker, Castine is a special place to me. My family is from that town and Harry was a very dear friend of ours. I'm sorry; I have a cold so it's very difficult for me to speak today. But -- and Harry holds a very special place in my heart. Many years ago when my daughter was very young, she traveled to Europe with my mother who was visiting with my father who was a chief mate on the State of Maine ship and my daughter and her grandmother got to visit different countries and my mother chose to stay a little bit longer and Harry said that he would accompany my daughter back from Europe. So, they got on the plane in Sweden, they flew to Boston where I was to pick them up, where Harry was met by police because there had been a kidnapping in Europe in Sweden at that time and there was an unaccompanied child on this plane. Harry, bless his heart, explained to the police that really he wasn't kidnapping that child and he had her mother's permission to be there. It's still a story that's told around Castine all the time, how Harry kidnapped my child in Europe. But he was -- he holds a special place for us in Castine and in my family and especially my daughter, who he got safely back home from Europe one time many years ago. Thank you very much.

Subsequently, this Expression of Legislative Sentiment was **ADOPTED** and sent for concurrence.

Came from the Senate with the Majority **OUGHT TO PASS AS AMENDED** Report **READ** and **ACCEPTED** and the Bill **PASSED TO BE ENGROSSED AS AMENDED BY COMMITTEE AMENDMENT "A" (S-3)**.

**READ.**

Representative TEPLER of Topsham moved that the House **ACCEPT** the Majority **Ought to Pass as Amended** Report.

The SPEAKER: The Chair recognizes the Representative from Topsham, Representative Tepler.

Representative **TEPLER**: Thank you, Madam Speaker. Madam Speaker and Men and Women of the House, good morning. This is LD 1. It's a great bill. In part, this bill does really just one thing. It takes the consumer protections that are currently in federal law in the ACA and it puts them in Maine law. That is all this bill does. It has zero fiscal note. No fiscal note. But it offers to Maine consumers protection against any changes to current law. This includes the preexisting condition exclusion. Under this law, in the State of Maine, preexisting conditions cannot be excluded in insurance coverage. Also, insurers may not establish lifetime caps or limits on the dollar value of your benefits, not lifetime caps and not annual caps. It allows children to remain on their parents' healthcare until they're 26 years old. And it changes the maximum rate differential that can be charged due to age from 4.1 to 3.1 to the benefit of Maine consumers. It's a good bill. Please vote for it. Thank you very much.

The SPEAKER: The Chair recognizes the Representative from Berwick, Representative O'Connor.

Representative **O'CONNOR**: Thank you, Madam Speaker, Ladies and Gentlemen of the House. Take a deep breath. I rise in support of this bill. This bill, LD 1, "An Act To Protect Health Coverage for Maine Families", is appropriately titled. It does exactly what it says; it protects coverage for Maine families. It is likely I may be supporting this legislation from a very different perspective than all but a handful in this chamber. We were here in 2011 in the 125th Legislature and we crafted Public Law 90. It was the Republican Health Reform Initiative. Naturally, a political battle ensued and, in the end, it was a bipartisan vote for a hard-fought win with only a handful of Democrat defectors.

I'm personally darn proud of this work and, much to my delight, those reforms did work and continue to work today. What I see in LD 1 is the preservation of everything we Republicans worked so hard to accomplish in the 125th Legislature on PL 90 together. LD 1 strengthens our choices in our own health insurance needs and preserves the work done on PL 90. Success has been and will continue to be improvement in the individual market rates leveling, perhaps decreasing, more products to choose from that fit our needs, and LD 1 codifies in statute many of the provisions passed in PL 90 and does not undermine any of them.

I want to thank everybody who worked really, really hard on this and I hope that you follow my light.

Representative KORNFIELD of Bangor moved that the House **ACCEPT** the Majority **Ought Not to Pass** Report.

Representative STEWART of Presque Isle **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought Not to Pass** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER: We realize that some lights are not working on the board, so we are working to take care of that. If members who were having a problem could try pressing their button again right now and it looks like it's still not working, okay. They're recognizing the problem. If everyone could just be patient, thank you.

In order to fix what is not working, we're going to have to power down the system, which means I'm going to close this vote and then we will reopen a new vote once we are up and running again, so the Chair will close the vote and the House will be at ease for about five minutes.

As a reminder, the Chair will refer Members to page 19 of your Calendar, we're on Item 6-3, and the pending question is Acceptance of the Ought Not to Pass Report with a roll call in order.

The Chair recognizes the Representative from Alfred, Representative Sampson.

Representative **SAMPSON**: Thank you, Madam Speaker. Thank you, Ladies and Gentlemen of the House. This bill is about schoolboards and that the folks who vote for them are therefore -- the schoolboard therefore is a representative of the people who elected them. And, unfortunately, the policy is -- the policy that's stated by Maine's school management basically states that schoolboards in no sense represent the town. After -- now, I'm just taking bits and pieces out of this, so I won't bore you with the details, all the minutiae, but after the election, they are public officers deriving their authority from the law and responsible to the state, not local constituents. However, I would like to draw your attention to the fact that the policy is based on a ruling that was decided back in 1924, and this ruling had nothing to do with schoolboards being representative governing bodies, it actually had to do with a foster child and the ruling on that foster child. So it was essentially a cherrypicked piece out of that ruling that has now become policy in our local schoolboard policies. So, the reason this bill is before us is because parents whose children are in the school are very frustrated by the fact that their schoolboards aren't listening to them and they've been told that they don't have to listen to them. They can come to the public comment period, make their comments, but they don't have to be listened to. So, I would ask that we would vote Ought Not to Pass.

The **SPEAKER**: The Chair recognizes the Representative from Alfred, Representative Sampson.

Representative **SAMPSON**: Thank you, thank you; vote against this motion. Thank you.

The **SPEAKER**: The Chair recognizes the Representative from Bangor, Representative Kornfield.

Representative **KORNFIELD**: The Representative that just spoke accurately portrayed what the bill was about, but when we dug into it what we found is that schoolboards got two different kinds of training. One type was from Drummond and Woodsum and they said exactly what she just said, that they are not to -- they don't represent the town, they represent students. Another training was by Maine School Management and they had a different take on that. So, we voted Ought Not to Pass, some of us voted Ought Not to Pass with the stipulation that we send a letter to DOE to sort this out and to send schoolboards a model of exactly who their constituency is.

The **SPEAKER**: The Chair recognizes the Representative from Belgrade, Representative Keschl.

Representative **KESCHL**: Yes, we're a representative republic and when people vote for people, ultimately the people are responsible that elect them. So, I don't get the ruling and stuff, but as far as the policy goes, in my view, the people are their -- the schoolboard people that are elected are elected to represent their constituents and they should be listening to their constituents and the constituents can vote them out of office at any point in time.

The **SPEAKER**: A roll call has been ordered. The pending question before the House is Acceptance of the Majority Ought Not to Pass Report. All those in favor will vote yes, those opposed will vote no.

Representative KORNFELD of Bangor moved that the House **ACCEPT** the Majority **Ought to Pass as Amended** Report.

Representative STEWART of Presque Isle **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought to Pass as Amended** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER: The Chair recognizes the Representative from Kittery, Representative Rykerson.

Representative **RYKERSON**: Thank you, Madam Speaker. Madam Speaker and Fellow Representatives of the House, this bill would appropriate half the cost of public access and sea protection for Whaleback Light, a magnificent Biddeford granite structure built in 1872. A wave-swept lighthouse is a rare and important historic resource and could be the first stop on a Maine heritage Maritime Trail. The American Lighthouse Foundation has been maintaining this resource to keep the water out, but they need help in incurring the major expense of public access. The funds would be matched by grants and private donations. Our maritime heritage is an underutilized but valuable resource for communities and for tourism. As these destinations become more accessible, the multiplier value of dollars makes this a valuable investment. When historic resources are lost, they are lost forever. I urge you to vote in favor of this bill and follow my light. Thank you.

The SPEAKER: The Chair recognizes the Representative from Alfred, Representative Sampson.

Representative **SAMPSON**: Thank you, Madam Speaker and Ladies and Gentlemen of the House. Although it would be wonderful to restore this lighthouse, there is absolutely no way of getting there, so we're spending \$150,000 and it can't be -- it's not very easily accessible, so I vote in opposition of this motion.

The SPEAKER: The Chair recognizes the Representative from Canaan, Representative Stetkis.

Representative **STETKIS**: Thank you, Madam Speaker, Ladies and Gentlemen of the House. My time here has been

spent on priorities and we have tens of thousands of citizens throughout our state, especially elderly citizens, that are struggling to refurbish their own home so that they can live in them. I cannot go back to my district and tell them that we're going to spend their taxpayer dollars refurbishing a piece of property in one of the wealthiest portions of this state while they're struggling to stay in their homes.

The SPEAKER: The Chair recognizes the Representative from Kittery, Representative Rykerson.

Representative **RYKERSON**: Thank you, Speaker Madam. I apologize for rising a second time, but I just wanted to clarify that there are multiple boats that would -- tourist boats that are willing to make this trip to this wave-swept lighthouse, but there's no dock, and that's part of what this bill is accomplishing. Thank you.

The SPEAKER: A roll call has been ordered. The pending question before the House is Acceptance of the Majority Ought to Pass as Amended Report. All those in favor will vote yes, those opposed will vote no.

The Chair will close the vote. The Clerk will run the total, the Chair will announce the vote.

Although we believe that the two errors were actually potentially errors by the Members, but just to be sure, we are going to -- really, seriously, we do want to make sure we're protecting the integrity of the vote, so we are going to close this vote, disregard it, and reopen it and we'll be able to do it more quickly this time.

A roll call has been ordered. The pending question before the House is Acceptance of the Majority Ought to Pass as Amended Report. All those in favor will vote yes, those opposed will vote no.
