### **SUMMARY**

Current law requires the Commissioner of Education to notify school boards of the estimated amount of state subsidy to be allocated to school administrative units. This bill requires the Commissioner of Education to also provide the governing bodies and the superintendent of each alternative organizational structure with the computation and the amount of the allocation of state subsidy that the commissioner has calculated for the alternative organizational structure and each member entity in the alternative organizational structure and requires that the commissioner issue separate subsidy checks to each of the member entities within the alternative organizational structure.
