SUMMARY

This amendment makes the following changes to the Pine Tree Development Zone laws.

1. Beginning January 1, 2009 to December 31, 2009, it allows for all units of local government statewide to be considered tier 1 locations, where qualified businesses may become eligible for Pine Tree Development Zone benefits for a period of 10 years.

2. Beginning January 1, 2010, it allows a unit of local government that is contained in a county other than Cumberland County or York County, as well as a unit of local government that is contained in Cumberland County or York County with a municipal unemployment rate that is 15% higher than its labor market unemployment rate, a unit of local government that has been designated by the Department of Economic and Community Development as a participating municipality in the Pine Tree Development Zone program as of December 31, 2008 and property within a military redevelopment zone to be classified as a tier 1 location, where qualified businesses may become eligible for Pine Tree Development Zone benefits for a period of 10 years.

3. Beginning January 1, 2010, it allows any unit of local government that is contained in Cumberland County or York County that is not classified as a tier 1 location to be classified as a tier 2 location, where qualified businesses may become eligible for Pine Tree Development Zone benefits for a period of 5 years. After the 5 years, all Pine Tree Development Zone benefits expire, except for the expanded employment tax increment financing benefits under the Maine Revised Statutes, Title 36, chapter 917, which must be recalculated at that time to reflect the standard rates under that chapter.

4. It extends the duration of benefits through the year 2028.

5. It allows significant business development projects to have a base level of employment adjustment, determined by a single location versus a statewide aggregate.

6. It amends the definition of "manufacturing."

7. It repeals several provisions of the Pine Tree Development Zone laws that relate to the designation of zones that are no longer necessary.

8. It establishes the Pine Tree Development Zone Reserve Fund as a nonlapsing fund to capture all net positive revenues gained by the program that accrue to the State and that would not have accrued to the State but for the availability of Pine Tree Development Zone benefits.
