## SUMMARY

This amendment makes the following changes to Committee Amendment "A."

1. It changes the maximum rate differential for individual health plans on the basis of age and geographic area from 1.5:1 to 3:1 effective January 1, 2014. The committee amendment expands the rating bands to 5:1 over a period of 4 years.

2. It changes the maximum rate differential for small group health plans on the basis of age, geographic area and occupation and industry from 1.5:1 to 3:1 effective January 1, 2014.

3. It includes rating on the basis of geographic area inside of the rating bands for age instead of allowing rating outside of the bands.

The changes made to community rating by this amendment take effect only if the health insurance exchange established by the federal Patient Protection and Affordable Care Act is fully operational and subsidies are available.

The amendment specifies that 3 of the members of the Board of Directors of the Maine Guaranteed Access Reinsurance Association must represent consumer advocacy organizations in the field of health policy and reduces the insurer members from 5 to 4. The amendment also requires the Superintendent of Insurance to determine the assessment amount paid by insurers to fund the association after an actuarial study through rules adopted no later than January 1, 2012. The amendment designates the rules as major substantive.

The amendment removes Part E of the committee amendment, which repeals the State Health Plan and the Advisory Council on Health Systems Development.

The amendment also changes cross-references to reflect the changes made by this amendment to Committee Amendment "A."
