SUMMARY

This amendment, which is the majority report of the committee, replaces the bill with a resolve establishing a stakeholder group of no more than 10 members to review laws and policies related to discontinued and abandoned roads. The stakeholder group is directed to examine issues relating to continued access through public easements, damage caused by abutting land owners and members of the public, maintenance of private roads that have public easements, methods to address problems of road damage and ways to maintain access for intermittent users who need access to a road. The stakeholder group must include representatives of the Department of Transportation, up to 2 residents that live on a discontinued or abandoned road with a public easement and members from statewide organizations representing municipalities, small woodlot owners, producers of forest products, snowmobilers and other interested parties. The Department of Conservation is required to report the stakeholder group's findings to the joint standing committee of the Legislature having jurisdiction over state and local government matters no later than January 15, 2013, and the committee is authorized to report out legislation to the First Regular Session of the 126th Legislature.
