SUMMARY

This amendment replaces the bill. The amendment provides that, beginning October 1, 2012, the rating factor used by small group health insurance carriers for group size must be combined within the

maximum rate differential due to age of 2.5 to 1. The combined rating band for age and group size would be increased to 3 to 1 on January 1, 2014 and, to the extent permitted by the federal Affordable Care Act, further increased each year by a factor of 1 up to a combined 5 to 1 rating band on January 1, 2016. Under current law, the rating factor for group size falls outside of the rating bands.
