## SUMMARY

This amendment is the majority report of the Joint Standing Committee on Labor, Commerce, Research and Economic Development. This amendment strikes and replaces the resolve and requires the Department of Economic and Community Development to establish and coordinate a response team to facilitate the redevelopment of unoccupied mills and other large unoccupied buildings. The Department of Environmental Protection, the Finance Authority of Maine and the Maine State Housing Authority must participate in the response teams, and the Department of Economic and Community Development must invite the participation in the response team of a representative of a commercial real estate developer, a representative from an economic development district, a local economic development representative and a private sector representative knowledgeable in the mill redevelopment process. It requires the response team to provide assistance upon request to any municipality that is actively working to implement an unoccupied building redevelopment business plan for an unoccupied building and that has identified within the business plan possible financing resources and marketing plans for the redevelopment of the unoccupied site.

It directs the Department of Economic and Community Development to provide a report by February 1, 2013 to the joint standing committee of the Legislature having jurisdiction over labor, commerce, research and economic development matters, the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs and the Governor on the coordinated response efforts.
