SUMMARY

Under current law, the Commission on Governmental Ethics and Election Practices determines distribution amounts for candidates by looking at certain factors, including campaign expenditures from the Maine Clean Election Fund from the 2 previous election cycles. This amendment repeals the requirement that distributions during the 2012 election cycle must be reduced by 5% from the amounts distributed during the 2010 election cycle. This amendment provides a set amount for distributions for the 2012 and 2014 election cycles, which will be used when determining future distributions, and maintains

the single distribution proposal included in the bill. The amendment also doubles the amount of seed money contributions legislative candidates may receive.
