Amend the amendment by striking out all of section 1.

Amend the amendment by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.

SUMMARY

This amendment removes the provision that requires any health care provider that orders a laboratory test for the presence of Lyme disease to inform the patient that a negative test for Lyme disease does not necessarily mean that Lyme disease is not present and that if symptoms continue, the patient should contact a health care provider and inquire about the appropriateness of retesting or additional treatment.
