**An Act To Promote Maine's Economic Development and Critical
Communications for Rural Family Farms, Businesses and
Residences by Strategic Public Investments in High-speed Internet**

CONCEPT DRAFT SUMMARY

This bill is a concept draft pursuant to Joint Rule 208.

This bill proposes to increase funding to the ConnectME Authority from \$1,000,000 to \$5,000,000 to expand universal broadband and high-speed Internet into rural areas identified as the 6% of the State unserved by high-speed Internet. This bill proposes to make expanding high-speed Internet into unserved rural areas a key emphasis in the economic development of and to multiply the return to the State by directing the ConnectME Authority to use the increased funding to increase the rate of strategic broadband investment and leverage additional federal funding to provide middle-mile and last-mile infrastructure in the unserved areas and to correct broadband deficiencies identified in the ConnectME Authority's baseline update of 2013.
