SUMMARY

This amendment provides that free day use passes to state parks and historic sites granted to veterans and active military service members are extended to their spouses and children 21 years of age and younger. It also provides for alternative methods to demonstrate eligibility for free admission for veterans, disabled veterans and active military service members. The amendment makes a technical change to the provision requiring reporting on expenditures made from the Maine Military Family Relief Fund and provides that the report is only required every odd-numbered year. The amendment also adds an appropriations and allocations section.

The summary of the bill mistakenly refers to the Maine State Housing Authority as the administrator of the veterans rental preference. The rental preference provision in the bill applies to housing operated by municipal housing authorities.
