SUMMARY

This amendment is the minority report the committee. It provides conformity with the Internal Revenue Code of 1986 in the same manner as the majority report but only for tax years beginning in 2015.

This amendment decouples the Maine individual and corporate income taxes from the federal bonus depreciation deductions for taxable years beginning on or after January 1, 2015. In addition, it provides a Maine capital investment credit for taxable years beginning in 2015 with respect to depreciable property placed in service in Maine. The credit is equal to 9% of the amount of the net increase in depreciation attributable to the depreciation deduction claimed by the taxpayer under the United States Internal Revenue Code of 1986, Section 168(k) with respect to property placed in service in the State during the taxable year for taxable corporations; for individuals the credit is 8% of such amount for tax years beginning in 2015.

The amendment also decouples Maine's individual and corporate income tax from the Code, Section 179 expensing deductions for tax years beginning on or after January 1, 2016. It enacts addition and subtraction modifications to reverse any increase allowed at the federal level for the first year the property is placed in service, and then to allow depreciation deductions for the remainder of the asset's life.

The amendment decouples Maine's individual income tax from the teacher expense deduction under the Code, Section 62(a)(2)(D) by requiring an addition modification in the amount of the federal deduction.

The amendment disallows for Maine itemized deduction purposes the federal deduction for mortgage insurance premiums treated as qualified residence interest.

For taxable years beginning after 2017, the amendment decouples the Maine earned income tax credit from the increased federal 45% earned income tax credit rate for taxpayers with 3 or more qualifying children and from the higher phase-out thresholds for married individuals filing joint returns.
