Part B establishes a transition team to recommend further changes to the law to fully accomplish the transition to the unified board. The transition team will recommend specific changes to determine the qualifications of trustees and the powers and duties of the unified board in a report to the joint standing committee of the Legislature having jurisdiction over education and cultural affairs. The report of the transition team must also recommend changes to the administration or organization of and the existing law governing the University of Maine System, the Maine Maritime Academy and the Maine Community College System to ensure the efficient operation under the unified board and to avoid any potential conflicts with the law establishing the unified board. The joint standing committee is authorized to submit a bill to the Second Regular Session of the 128th Legislature based upon the report.
