Amend the bill in section 1 in paragraph B-1 by striking out all of the last 2 sentences (page 1, lines 15 to 17 in L.D.)

Amend the bill by striking out all of sections 2 to 4.

## **SUMMARY**

This amendment, which is the majority report of the committee, removes the requirement in the bill for the Department of Education to adopt rules to develop an application process and to adopt standards to address evaluation criteria based on need for funding assistance for alternative breakfast delivery services in school administrative units. It also removes the requirement that the department develop a means to track health and academic outcomes of students and schools that participate in alternative breakfast delivery services. This amendment removes the appropriations and allocations section of the bill. The amendment retains the provisions of the bill that require a school administrative unit with a public school in which at least 50% of students qualified for a free or reduced-price lunch during the preceding school year to operate an alternative breakfast delivery service that provides breakfast after the start of the school day and that provide a process for a school administrative unit to opt out of the alternative breakfast delivery service.
