SUMMARY

This amendment replaces the bill. The amendment repeals the provision of law that prohibits a person who has been issued a learner's permit from operating a motor vehicle while using a handheld electronic device or mobile telephone. The amendment repeals the section of law that prohibits minors from operating a motor vehicle while using a handheld electronic device and mobile telephone. The amendment also repeals the section of law that prohibits any person from operating a motor vehicle while engaging in text messaging.

The amendment incorporates the definition of "mobile telephone" into the definition of "handheld electronic device." The amendment excludes text messaging from the definition of "using" to reflect the different penalties for using a handheld electronic device and for text messaging while operating a motor vehicle.

Like the bill, the amendment expands the prohibition on minors and a person who has been issued a learner's permit operating a motor vehicle while using a handheld electronic device to prohibit all persons operating a motor vehicle from using a handheld electronic device.

Like the bill, the amendment includes exceptions to the prohibition against using a handheld electronic device while operating a motor vehicle that allow for hands-free operation of the device and

for using a handheld electronic device to communicate with law enforcement or emergency services personnel under emergency circumstances. The exceptions do not apply to text messaging.

Like the bill, the amendment provides that the penalty for a first offense of the prohibition against using a handheld electronic device while operating a motor vehicle is \$75 and the penalty for a 2nd or subsequent offense within a 3-year period is \$150.

The amendment adds an appropriations and allocations section.
