Fiscal Detail and Notes

This bill includes a one-time General Fund appropriation of \$500,000 in fiscal year 2017-18 to the Maine State Housing Authority (MSHA) to provide grants and loans to eligible households for treatment of contaminated private drinking water wells.

The provision in this bill that allows MSHA to utilize 15% of the total funds provided to administer the program is expected to be sufficient to cover the administrative costs to MSHA.
