‘**Sec. 1. 5 MRSA §4594-G, sub-§12** is enacted to read:

**12. Single-occupancy toilet facilities; qualifying new construction.** Beginning January 1, 2020, new construction of a public building, as defined in subsection 6, must include single-occupancy toilet facilities that meet the standards of construction required by this section. This subsection applies to new construction for which the maximum occupant capacity exceeds 100 individuals.’

## SUMMARY

This amendment strikes the bill and instead provides that after January 1, 2020, new construction of public buildings must include single-occupancy toilet facilities that meet the accessibility requirements established in the Maine Human Rights Act, if the new construction has a maximum occupant capacity exceeding 100 individuals. For example, after January 1, 2020, a restaurant that seats at least 101 individuals is subject to the single-occupancy toilet facilities requirement.
