Amend the bill by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.

SUMMARY

This amendment, which is the unanimous report of the committee, replaces the appropriations and allocations section. Instead of providing a rate increase to all rates under the Department of Health and Human Services rule Chapter 101: MaineCare Benefits Manual, Chapter III, Section 65, Behavioral Health Services, the amendment provides that the rate increase applies only to children's home and community-based treatment services under that section.
