Amend the bill by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.

SUMMARY

This amendment, which is the unanimous report of the committee, amends the bill as follows.

1. It makes the definition of "recovery" consistent with the definition of "recovery support services."
2. It allows for a short-term rental subsidy to be provided for a person in recovery so that the rental subsidy may be provided to an administrator of the recovery residence not only the person in recovery directly.
3. It removes the requirement that recovery residences provide medication-assisted treatment as a condition of receiving a short-term rental subsidy and instead requires that the recovery residences must permit medication-assisted treatment.
4. It makes the Maine State Housing Authority's rule-making authority permissive with respect to providing a short-term rental subsidy for a person in recovery.
5. It removes the appropriations and allocations section so that the short-term rental subsidy can be provided within existing budgeted resources.
6. It removes certain provisions that add "recovery" to "substance use disorder prevention and treatment" that have substantive implications beyond the scope of this legislation.
7. It adds an appropriations and allocations section.
