LR 1324(03)

An Act To Improve Turkey Tagging

**Fiscal Note for Bill as Engrossed with:
C "A" (H-147)
Committee: Inland Fisheries and Wildlife**

Fiscal Note

Minor impact - General Fund

Fiscal Detail and Notes

Exempting turkeys taken during the fall hunting season from tagging and registration requirements may result in minor savings to the Department of Inland Fisheries and Wildlife (IFW). Any additional costs to IFW as a result of a requirement to report on the status of an electronic tagging system for wild turkeys by January 3, 2022 are anticipated to be minor and can be absorbed within existing budgeted resources.
