## Preliminary Fiscal Impact Statement

Minor cost increase - General Fund

### Fiscal Detail and Notes

This resolve directs the Department of Health and Human Services to allow reimbursement for ultrasound procedures and fetal nonstress tests performed remotely in a residence or other off-site location through telehealth under the MaineCare program. These services are already covered by telehealth under the MaineCare program and any additional costs to the Department of Health and Human Services to adopt the changes in this bill are expected to be minor and can be absorbed within existing budgeted resources.
