#### Fiscal Detail and Notes

This bill includes General Fund appropriations totaling \$362,500 in both fiscal year 2023-24 and fiscal year 2024-25 to the Educational and General Activities program within the University of Maine System to identify barriers to and provide education on meat and poultry processing in the State. Of that amount, one-time appropriations of \$220,000 are provided for a feasibility study to identify financial, physical, regulatory and other barriers to increasing meat and poultry slaughter and processing in the State and ongoing appropriations of \$142,500 per year beginning in fiscal year 2023-24 are provided for cooperative extension education regarding meat and poultry processing. The bill also includes a one-time General Fund appropriation of \$20,000 to the Department of Agriculture, Conservation and Forestry in fiscal year 2023-24 for contracted facilitator services related to an exploratory committee.

Additional costs to the Department of Labor and the University of Maine System to serve on the exploratory committee can be absorbed within existing budgeted resources
