Fiscal Detail and Notes

The Department of Labor will require Paid Family and Medical Leave Insurance Fund deallocations totaling \$13,701,288 in fiscal year 2025-26 and \$13,545,861 in fiscal year 2026-27 due to the repeal of the program. Requiring any unspent funds to be transferred to the unappropriated surplus of the General Fund after refunds of contributions made by employers and self-employed individuals are completed may increase the amount of General Fund revenue available. The amount can not be determined at this time and will depend on the amount of employer contributions to be refunded and any costs incurred by the department to close out the program.
