Current biennium revenue increase - Other Special Revenue Funds  
Minor cost increase - Other Special Revenue Funds

#### **Fiscal Detail and Notes**

Requiring individuals employed in a chiropractic office whose duties include the production of x-rays to be certified as a chiropractic radiographer in addition to being licensed as chiropractic assistants will result in an increase in dedicated revenue to the Board of Chiropractic Licensure from initial certification and renewal fees. The amount of revenue can not be estimated at this time.

Additional costs to the Board of Chiropractic Licensure to implement the requirements of this legislation can be absorbed within existing budgeted resources.
