This amendment removes the ongoing General Fund appropriations to continue and make permanent one State Education Representative position as this position was funded in the 2026-27 supplemental budget. The amendment also converts the ongoing General Fund appropriations to the Department of Education for a contracted review team (and related professional development) to one-time funds in fiscal year 2026-27 and reduces the total appropriation for this purpose from \$165,000 to \$100,000.
