### **Fiscal Note**

Contingent current biennium cost increase - General Fund

#### **Fiscal Detail and Notes**

This bill requires, contingent upon available funding, the Department of Agriculture, Conservation and Forestry to report on statewide forest conservation strategies by November 4, 2026.

The bill also adjusts required notifications of reports, items required to be included in reports and the due date and timelines of required reports. Any additional costs as a result of these changes are anticipated to be minor and can be absorbed within existing budgeted resources.
