The district is authorized to take, hold, divert, use and distribute water for the purpose of supplying potable water for domestic, sanitary, commercial and municipal purposes. The district may take or draw from any surface water or groundwater source within the territory of the district. The district has all the powers of a standard district under the Maine Revised Statutes, Title 35-A, section 6404 to the extent not inconsistent with this Act.

Sec. 3. Board of Trustees. All the affairs of the district must be managed by a board of trustees composed of 3 members, to be chosen by a majority of the municipal officers of the Town of Rumford. The first board of trustees must be appointed within 6 months of approval of this Act by the voters in accordance with this Act. Notwithstanding the Maine Revised Statutes, Title 35-A, section 6410, subsection 5, as soon as is convenient after the first trustees have been appointed, they shall hold a meeting and organize by the election of a president and clerk and adopt a corporate seal; when necessary, they may choose a treasurer and all other officers and agents for the proper conduct and management of the affairs of the district. At that first meeting, the trustees shall determine the term of office of each trustee so that one serves for one year, one for 2 years and one for 3 years. Notwithstanding Title 35-A, section 6410, subsection 4, for the initial appointment of trustees under this Act, the term of each trustee ends on the first Monday in April immediately following the end of the initial one-year, 2-year or 3-year term for which that trustee was appointed. Whenever the term of office of a trustee expires, the municipal officers of the Town of Rumford shall appoint a successor to serve the full term of 3 years pursuant to Title 35-A, section 6410, subsection 2, and in case any other vacancy arises it must be filled in like manner for the unexpired term. The trustees may also adopt and establish such bylaws as are necessary for their own convenience and the proper management of the affairs of the district. The trustees may procure an office and incur such expenses as may be necessary. Each trustee is entitled to compensation, as recommended by the trustees and approved by a majority of municipal officers of the Town of Rumford, in accordance with Title 35-A, section 6410, subsection 7. At the close of each fiscal year, the trustees shall make a detailed report of their doings, of the receipts and expenditures of the water district, of its financial and physical condition and of such other matters and things pertaining to the district as demonstrate how the trustees are fulfilling the duties and obligations of their trust, such reports to be made and filed with the municipal officers of the Town of Rumford.

If, within 30 days after requesting consent, the district fails to reach an agreement with the public utility or railroad corporation, the district may petition as follows:

The district, by vote of its board of trustees, is authorized to issue bonds, notes or other evidences of indebtedness of the district, bearing interest at a rate or rates and having terms and provisions as the trustees determine.

All bonds, notes and other evidences of indebtedness issued by the district must have inscribed upon their face the corporate name of the district and be signed by the treasurer and countersigned by the president of the board of trustees of the district.
All bonds, notes and other evidences of indebtedness issued by the district are legal obligations of the district, which is declared to be a quasi-municipal corporation within the Maine Revised Statutes, Title 30-A, section 5701. All bonds, notes and other evidences of indebtedness issued by the district are legal investments for savings banks and are exempt from state income tax. All water rates and other lawful charges of the district are governed by the Maine Revised Statutes, Title 35-A, chapter 61.

The water rates and other lawful charges are established to provide revenues for all purposes authorized by law, and the following specific purposes:

1. Current operating expenses. To pay the current expenses for operating and maintaining the water system including depreciation;

2. Payment of interest. To provide for the payment of interest on the indebtedness created by the district for the benefit of its water system; and

3. Sinking fund. To provide each year a sum equal to not less than 1% nor more than 5% of the entire indebtedness created by the district for the benefit of its water system, which sum must be turned into a sinking fund to provide for the extinguishment of the indebtedness. The money set aside for the sinking fund must be devoted to the retirement of the obligations of the district or invested in such securities as savings banks are allowed to hold. The trustees may, in their discretion and in lieu of the establishment of a sinking fund, issue bonds of the district so that not less than 1% of the amount of the bonds so issued mature and are retired each year.

There is a lien issued on real estate served by the district to secure the payment of unpaid water rates and other lawful charges. The water lien takes precedence over all other claims on the real estate, except claims for taxes and sewer rates. The procedures of obtaining, enforcing and receiving payment on the water lien are governed by Title 35-A, section 6111-A.

Sec. 14. Incidental powers granted. All incidental powers, rights and privileges necessary to the accomplishment of the objectives set forth in this Act, and in the Standard Water District Enabling Act, are granted to the district.
