3 **12. Single-occupancy bathrooms.** Construction of a public building, as defined in

6 specific.

7 **Sec. 2. 5 MRSA §4594-H** is enacted to read:

8 **§4594-H. Requirements for public buildings**

9 Single-occupancy bathrooms available for use by the public in a public building, as
10 defined in section 4594-G, subsection 6, may not be designated as gender specific.

11 **SUMMARY**

12 This bill provides that single-occupancy bathrooms in existing buildings for use by
13 the general public may not be designated as gender specific. It also requires that new
14 construction of buildings for use by the general public include the construction of single-
15 occupancy bathrooms that meet the standards of construction for new buildings and the
16 federal Americans with Disabilities Act of 1990. The bathrooms may not be designated
17 as gender specific; the purpose of this provision is to ensure that a person with a disability
18 using the bathroom may be assisted by an attendant of a different gender.
