Presented by Representative COLLINGS of Portland.

Cosponsored by Representatives: ALLEY of Beals, LANDRY of Farmington, PERRY of Calais, TUELL of East Machias, Senators: MOORE of Washington, STEWART of Aroostook.

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 20-A MRSA §10911 is enacted to read:

§10911. Maine Rural Economy Future Development Program

- 1. Program established. The Maine Rural Economy Future Development Program, referred to in this section as "the program," is established within the university to promote future business development in rural Maine through the creation of programs that provide course offerings on the economy of rural Maine.
- 2. Campus participation; required. As part of the program, the University of Maine at Fort Kent, the University of Maine at Presque Isle, the University of Maine at Machias and the University of Maine at Farmington shall each create and offer a program that provides a comprehensive study of the rural economy of Maine and that promotes the partnering of students with businesses in rural Maine.

3. Program criteria. The program must:

- A. Provide each student with compensation, health care, a housing voucher and student loan forgiveness in exchange for work at the respective campus; and
- B. On a biennial basis, allow for up to 3 students from each campus required to offer a program under subsection 2 to be selected to work for 2 years on rural economic growth once the students graduate.
- **Sec. 2. Appropriations and allocations.** The following appropriations and allocations are made.

34 SUMMARY

This bill establishes the Maine Rural Economy Future Development Program within the University of Maine System to promote future business development in rural Maine by providing course offerings on the economy of rural Maine. The bill requires the University of Maine at Fort Kent, the University of Maine at Presque Isle, the University of Maine at Machias and the University of Maine at Farmington to each create and offer a program that provides a comprehensive study of the rural economy of Maine and that promotes the partnering of students with businesses in rural Maine. The bill specifies that the program

must include provisions that, on a biennial basis, allow for up to 3 students from each campus required to implement the program to be selected to work for 2 years on rural economic growth once they graduate and that provide each student with compensation, health care, a housing voucher and student loan forgiveness in exchange for work at the respective campus. The bill also provides General Fund appropriations of \$2,000,000 per year, with each of the 4 campuses required to establish and implement the program receiving \$500,000 annually.
