ROBERT B. HUNT
Clerk

Presented by Representative BATTLE of South Portland.

1 **Be it enacted by the People of the State of Maine as follows:**

2 **Sec. 1. 12 MRSA §6310-A, sub-§1**, as enacted by PL 2013, c. 319, §2, is
3 amended to read:

4 **1. Appeal of license denial.** A person who is denied a license for a limited entry
5 fishery because that person does not meet the eligibility requirements due to service in the
6 United States Armed Forces or the United States Coast Guard precluding that person
7 from participating in the fishery may appeal to the commissioner under this section for a
8 review of that license denial. A license may be granted by the commissioner under this
9 section only if the person:

10 A. Documents that the person harvested the relevant species while in possession of a
11 fishing license for that species within one year prior to entering the service;

12 ~~B. Has not served for more than 10 consecutive years since the most recent year in~~
13 ~~which the person held a license;~~

14 C. Has not been dishonorably discharged from service; and

15 D. Requests an appeal under this section within one year of discharge from service.

16 ~~Notwithstanding paragraphs B and D, a license may be granted to a person pursuant to~~
17 ~~this section who is actively serving in the United States Armed Forces or the United~~
18 ~~States Coast Guard for a period of more than 10 consecutive years as long as the person~~
19 ~~pays a license fee for each year beyond those 10 years.~~

20 **Sec. 2. 12 MRSA §6310-B** is enacted to read:

21 **§6310-B. Continued eligibility for lobster and crab fishing licenses following**
22 **successful appeal**

23 A person who, upon appeal pursuant to section 6310-A, is issued a Class I, II or III
24 lobster and crab fishing license shall submit landings data for the following 2 license
25 years in accordance with rules adopted pursuant to section 6173. During the 2nd license
26 year following the successful appeal in which that person holds a Class I, II or III lobster
27 and crab fishing license, the person shall provide landings reports indicating a minimum
28 of 50 landings days and sales of lobster to an individual licensed under section 6851
29 during that license year. If a person fails to meet the requirements of this section, the
30 person is no longer eligible for a Class I, II or III lobster and crab fishing license and the
31 commissioner shall revoke the license.

32 **SUMMARY**

33 This bill eliminates the time limitation after which a military waiver of license denial
34 is no longer available for a limited entry fishing license. It also requires that if a person
35 who is denied a Class I, II or III lobster and crab fishing license because that person does
36 not meet the eligibility requirements due to service in the military successfully appeals
37 that denial, that person must submit landings data for the first 2 years in which that
38 person holds a license. The person must demonstrate a minimum of 50 landings days and

1 sales of lobster to a wholesale seafood dealer or the person ceases to be eligible to obtain
2 that fishing license.
