25 This bill requires each school administrative unit to calculate the per-pupil tuition costs
26 for elementary and secondary students who reside in that school administrative unit and
27 provide no more than that amount to a student who resides in but does not attend public
28 school in that school administrative unit and who incurs education costs, such as for
29 attendance at a private school or educational cooperative, for a tutor or for costs associated
30 with homeschooling. This bill also repeals the restriction in current law on providing public
31 school funds to sectarian schools.
