21 C. Collaborate with the Maine Center for Disease Control and Prevention to develop
22 the plan described in section 1700-I.

23 **4. Funding.** The council may accept grant funding and other funding as may be
24 available from the Federal Government; any department, office or political subdivision of
25 the State; or any individual, foundation or corporation to be used for the purpose of
26 performing the council's duties pursuant to this section.

27 **§1700-I. Alzheimer's disease and related dementias prevention and support plan**

28 The Maine Center for Disease Control and Prevention within the department and the
29 Healthy Brain Initiative Council shall create the Alzheimer's disease and related dementias
30 prevention and support plan. The Maine Center for Disease Control and Prevention shall
31 submit the plan to the Governor and the Legislature by December 3, 2025.

32 **1. Contents of plan.** The plan must contain the findings and recommendations of the
33 council pursuant to section 1700-H, subsection 3. The plan must be developed with
34 significant input from the nongovernmental members of the council. The plan must include
35 recommendations of which state agencies should be involved in implementing the plan.

36 **2. Implementation progress reports.** Beginning January 30, 2027, and annually on
37 January 30th each year thereafter, the Maine Center for Disease Control and Prevention
38 shall submit to the Governor and the Legislature a report on the status of the
39 implementation of the plan. The report must be made available to the public.

3. Update plan every 5 years. Every 5 years, beginning 5 years from the date the first plan is submitted, the council shall submit to the Governor and the Legislature an updated plan.

Sec. 3. Alzheimer's disease or related dementias prevention and support plan. A plan that is in effect on the effective date of this Act that was developed by the Maine Center for Disease Control and Prevention within the Department of Health and Human Services, in consultation with stakeholders, to address Alzheimer's disease or related dementias prevention and support, is deemed to fulfill the requirement to create a plan by December 3, 2025 under the Maine Revised Statutes, Title 22, section 1700-I. Pursuant to Title 22, section 1700-I, the Maine Center for Disease Control and Prevention shall submit the plan to the Governor and the Legislature by December 3, 2025.

SUMMARY

This bill establishes the Alzheimer's Disease and Related Dementias Prevention and Support Program, which the Department of Health and Human Services, Maine Center for Disease Control and Prevention must administer in consultation with the Department of Health and Human Services, office of aging and disability services. The program's objectives include public education, supporting efforts for early detection and diagnosis, reducing cognitive decline and other negative outcomes and supporting care planning and management.

The bill also creates the Healthy Brain Initiative Council as an advisory board composed of various stakeholders including, but not limited to, families affected by Alzheimer's disease or related dementias, medical professionals and medical facilities that treat individuals with Alzheimer's disease or related dementias, research and advocacy organizations and employees of the office of aging and disability services. The council is responsible for studying and developing findings and recommendations on a series of topics including, but not limited to, the occurrence of Alzheimer's disease or related dementias in this State, the treatment and care available and policies that address public awareness, prevention and early detection, treatment and care, safety concerns, legal concerns, research and assistance to families.

By December 3, 2025, the council must submit to the Governor and the Legislature a 5-year plan outlining its recommendations to address the concerns the council is tasked with studying under the bill. A plan that is in effect on the effective date of this legislation that was developed by the Maine Center for Disease Control and Prevention, in consultation with stakeholders, to address Alzheimer's disease or related dementias prevention and support, is deemed to fulfill the requirement to create a plan by December 3, 2025. The Maine Center for Disease Control and Prevention is required to issue annual updates on the progress of the plan's implementation, and the council is required to issue an updated plan every 5 years.
