31 **SUMMARY**

32 This bill makes the following changes to the laws governing education.

33 1. It changes the procedure and date for reporting adult education funding levels.

34 2. It changes the duties of teachers and parents when a student is a public health
35 threat. It allows a superintendent to consult with the school nurse upon being informed
36 by a teacher that a student is a public health threat.

37 3. It eliminates the Maine Online Learning Program.

1 4. It directs the Commissioner of Education to collaborate with the school nurse
2 consultant to adopt rules and provide school administrative units with a copy of these
3 rules and guidance regarding the screening of students for sight and hearing defects. It
4 removes the requirement that the commissioner furnish to administrators of school
5 administrative units the prescribed directions for the sight and hearing tests of students. It
6 requires the commissioner to furnish guidance, training and sample report and referral
7 forms in connection with these tests. It removes a reference to religious grounds from the
8 provision governing exempt students to provide that a student whose parent objects in
9 writing to screening may not be screened unless a sight or hearing defect is reasonably
10 apparent.

11 5. It removes the requirement that a school nurse or trained screener collect body
12 mass index data from students and report this data in the aggregate to the Department of
13 Health and Human Services, Maine Center for Disease Control and Prevention.

14 6. It requires a school board to appoint appropriate school staff to inform a parent of
15 a student suffering from a suspected disease or defect based on results of a screening.

16 7. It removes enrichment courses from the definition of "adult education."

17 8. It changes the provisions for issuance of high school equivalency diplomas.

18 9. It specifies criteria that must be met in order for the Commissioner of Education to
19 grant a waiver to allow a student who has reached 20 years of age before the start of the
20 school year to be enrolled as a public secondary school student. It repeals the provisions
21 of law that allow a person to obtain such a waiver effective July 1, 2020.

22 10. It amends the laws governing the employment of conditionally certified persons
23 to provide that the requirement that a school administrative unit provide professional
24 development and intensive supervision applies only to teachers and not to educational
25 specialists.

26 11. It amends the laws governing qualifications for a professional teacher certificate
27 to require that a person who has successfully completed a preparation program in a state
28 with which the State is participating in an interstate compact must complete an approved
29 preparation program with a formal recommendation for certification from the institution
30 and must meet the specified teaching experience requirement.
