## 22 SUMMARY

23 This bill amends the provisions of law governing legislative compensation. The bill  
24 removes specific dollar amounts that Legislators may be reimbursed for meal allowances,  
25 travel-related expenses of a meal allowance and housing allowances and instead provides  
26 that the rate of these allowances must be set by the Legislative Council. These changes  
27 apply to allowances for days the Legislature is in session and for days the Legislature is  
28 not in session. The bill clarifies that to set the amount of the allowances, at least 6 members  
29 of the Legislative Council must vote in favor of the allowance at the beginning of the first  
30 regular session in a legislative biennium. The amount of an allowance set by the Legislative  
31 Council may not exceed the regular federal per diem rate for lodging, meals and incidental  
32 expenses applicable to that allowance.

33 The bill clarifies that for the purposes of allowances for mileage on days that the  
34 Legislature is not in session, daily mileage is calculated from the Legislator's place of  
35 abode, determined by the most reasonable direct route.

36 The bill amends the provision governing the salary owed to a person who replaces a  
37 member of the Legislature who has died or otherwise vacated the office. The bill provides  
38 that the successor is entitled to a salary from the date the successor is seated equal to the  
39 salary that would have been afforded to the successor had the successor been seated at the  
40 start of the biennium, except that the salary must be prorated from the date the successor is  
41 sworn into office.
