34 **SUMMARY**

35 Under current law, all municipalities of more than 4,000 residents must enforce the
36 Maine Uniform Building and Energy Code. Municipalities with 4,000 or fewer residents
37 are not required to adopt or enforce the Maine Uniform Building and Energy Code, but if
38 such a municipality adopts or enforces a building code, it must be the Maine Uniform

1 Building Code, the Maine Uniform Energy Code or the Maine Uniform Building and
2 Energy Code.

3 This bill allows, but does not require, a municipality of more than 4,000 residents to
4 adopt and enforce a building code, but it restricts the code that may be adopted or
5 enforced by that municipality to the Maine Uniform Building and Energy Code.
