29 Administrative and Financial Services' office of cannabis policy shall immediately cancel
30 its contract with Metrc, LLC to implement the Maine Cannabis Enforcement Tracking
31 Reporting and Compliance webpage.

32 SUMMARY

33 This bill replaces the tracking system required for adult use cannabis with an electronic
34 portal, similar to that used for medical cannabis. The Department of Administrative and
35 Financial Services is required to develop and implement an electronic portal for use by
36 licensees to submit required records. Licensees are required to accompany all cannabis
37 plants and harvested cannabis being transported with a label that provides specific
38 information about the licensee and the cannabis being transported; that information also
39 may be submitted through the electronic portal. The department is prohibited from
40 charging a fee or other cost to a licensee for using the electronic portal.

41 This bill also requires the department to terminate immediately its contract with Metrc,
42 LLC, the company that is required to administer the tracking system used for adult use
43 cannabis.
