Amend the bill by striking out all of sections 5 to 7 and inserting the following:

**'Sec. 5. 30-A MRSA §4326, sub-§4-A** is enacted to read:

**4-A. Addressing sea level rise.** A municipality or multimunicipal region that is in the coastal area may include in its comprehensive plan projections regarding changes in sea level and potential effects of the rise in sea level on buildings, transportation infrastructure, sewage treatment facilities and other relevant municipal, multimunicipal or privately held infrastructure or property and may develop a coordinated plan for addressing the effects of the rise in sea level. For the purposes of this subsection, "coastal area" has the same meaning as in Title 38, section 1802, subsection 1.'

Amend the bill by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.

**SUMMARY**

This amendment clarifies that a municipality or multimunicipal region that is in the "coastal area" as that term is defined in the Maine Revised Statutes, Title 38, section 1802, subsection 1 is subject to the bill. The amendment also strikes from the bill a requirement that state, local and certain federal agencies responsible for regulating, planning, developing or managing coastal resources conduct their activities affecting the coastal area consistent with the policy of encouraging the assessment of and planning for the effects of the rise in sea level.
