## 17 SUMMARY

18 This amendment replaces the bill and changes the title to reflect the content of the  
19 amendment.

20 Current law does not expressly address bear baiting on public reserved lands. The  
21 Department of Agriculture, Conservation and Forestry, Bureau of Parks and Lands has  
22 adopted rules under its general authority to manage public lands to provide a permitting  
23 system for bear baiting on public lands. The rules do not specifically address bear baiting  
24 at sites that are not accessible by road but are accessible by water. The bureau has  
25 recently determined that permits will no longer be issued for sites accessible by water.

26 This amendment requires the bureau to amend its rules expressly to permit bear  
27 baiting at sites that are not accessible by road but are accessible by water. It also requires  
28 the bureau to issue a permit to place bear bait at a site not accessible by road but  
29 accessible by water to any licensed Maine guide who applies in 2017 for such a permit if  
30 the applicant held such a permit for that site in 2016 and has not become ineligible for  
31 such a permit, unless the bureau finds there is a valid land management reason placement  
32 of bait at the site is no longer feasible and the bureau provides the applicant a written  
33 explanation of that reason. If the permit is denied for a valid land management reason,  
34 the bureau must work with the applicant to seek to find a suitable alternative site that  
35 meets the needs of the applicant.

36 This amendment directs the Director of the Bureau of Parks and Lands within the  
37 Department of Agriculture, Conservation and Forestry to issue a revised lease of land in  
38 Township 16, Range 6 current as of the effective date of this Act from the State to Eagle  
39 Lake Sporting Camps, that changes its term from 15 years to 30 years, notwithstanding  
40 the limitation in current law for such leases to be no longer than 15 years. The  
41 amendment also provides for successive renewals for terms of 30 years each as long as  
42 the land continues to be used for a year-round sporting camp or Class A restaurant and

1 lodge open to the public, as specified in the lease agreement, and the lessee complies with  
2 all other terms and conditions of the lease and all other applicable laws and rules of the  
3 State. The lessee may request such a 30-year renewal during the 10 calendar years prior  
4 to the end of the term of any then-existing lease. A renewal commences at the end of the  
5 term of the then-existing lease. The director is also authorized to allow, on reasonable  
6 terms and conditions, a transfer of the leasehold interests to another entity if the Eagle  
7 Lake Sporting Camps business is sold to another entity, as long as the sale of the business  
8 is at an appraised fair market value and the leased land continues to be used for a  
9 year-round sporting camp or Class A restaurant and lodge open to the public, as specified  
10 in the lease agreement, and the transferee agrees to comply with all terms and conditions  
11 of the lease and all other applicable laws and rules of the State.

12 This amendment also adds an emergency preamble and emergency clause to the bill,  
13 but the provisions relating to the Eagle Lake Sporting Camps take effect 90 days after the  
14 adjournment of the First Regular Session of the 128th Legislature.
