38 B. The department may use funds, insofar as resources permit, provided under and in
39 accordance with the United States Social Security Act or state funds appropriated for
40 this purpose or a combination of state and federal funds to provide assistance to

1 families under this chapter. In addition to assistance for families described in this
2 subsection, funds must be expended for the following purposes:

3 (1) To continue the pass-through of the first \$50 per month of current child
4 support collections and the exclusion of the \$50 pass-through from the budget
5 tests and benefit calculations;

6 (2) To provide financial assistance to noncitizens legally admitted to the United
7 States who are receiving assistance under this subsection as of July 1, 2011.
8 Recipients of assistance under this subparagraph are limited to the categories of
9 noncitizens who would be eligible for the TANF programs but for their status as
10 aliens under PRWORA. Eligibility for the TANF program for these categories of
11 noncitizens must be determined using the criteria applicable to other recipients of
12 assistance from the TANF program. Any household receiving assistance as of
13 July 1, 2011 may continue to receive assistance, as long as that household
14 remains eligible, without regard to interruptions in coverage or gaps in eligibility
15 for service. A noncitizen legally admitted to the United States who is neither
16 receiving assistance on July 1, 2011 nor has an application pending for assistance
17 on July 1, 2011 that is later approved is not eligible for financial assistance
18 through a state-funded program unless that noncitizen is:

19 (a) Elderly or disabled, as described under the laws governing supplemental
20 security income in 42 United States Code, Sections 1381 to 1383f (2010);

21 (b) A victim of domestic violence;

22 (c) Experiencing other hardship, such as time necessary to obtain proper
23 work documentation, as defined by the department by rule. Rules adopted by
24 the department under this division are routine technical rules as defined by
25 Title 5, chapter 375, subchapter 2-A; or

26 (d) Unemployed but has obtained proper work documentation, as defined by
27 the department by rule. Rules adopted by the department under this division
28 are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A;

29 (3) To provide benefits to certain 2-parent families whose deprivation is based on
30 physical or mental incapacity;

31 (4) To provide an assistance program for needy children, 19 to 21 years of age,
32 who are in full-time attendance in secondary school. The program is operated for
33 those individuals who qualify for TANF under the United States Social Security
34 Act, except that they fail to meet the age requirement, and is also operated for the
35 parent or caretaker relative of those individuals. Except for the age requirement,
36 all provisions of TANF, including the standard of need and the amount of
37 assistance, apply to the program established pursuant to this subparagraph;

38 (5) To provide assistance for a pregnant woman who is otherwise eligible for
39 assistance under this chapter, except that she has no dependents under 19 years of
40 age. An individual is eligible for the monthly benefit for one eligible person if
41 the medically substantiated expected date of the birth of her child is not more
42 than 90 days following the date the benefit is received;

1 (6) To provide a special housing allowance for TANF families whose shelter
2 expenses for rent, mortgage or similar payments, homeowners insurance and
3 property taxes equal or exceed 75% of their monthly income. The special
4 housing allowance is limited to \$200 per month for each family. For purposes of
5 this subparagraph, "monthly income" means the total of the TANF monthly
6 benefit and all income countable under the TANF program, plus child support
7 received by the family, excluding the \$50 pass-through payment;

8 (6-A) Beginning October 1, 2016, to provide housing assistance for TANF
9 families whose shelter expenses for rent equal or exceed 50% of their monthly
10 income and who have applied for, but not yet received, a housing choice voucher
11 administered by the United States Department of Housing and Urban
12 Development, Office of Housing Choice Vouchers and funded with federal
13 TANF block grant dollars. This housing assistance must be administered through
14 the Maine State Housing Authority, and the department shall provide a
15 reasonable administrative fee to the Maine State Housing Authority for the cost
16 of administering the housing assistance program. The following conditions
17 apply:

18 (a) A TANF family may receive the housing assistance if the rent for the
19 family's housing meets the fair market rent standards published by the United
20 States Department of Housing and Urban Development pursuant to 24 Code
21 of Federal Regulations, Section 888.115 for the area in which the family's
22 housing is located and meets any housing quality standards adopted by the
23 Maine State Housing Authority;

24 (b) A TANF family receiving housing assistance shall pay the same portion
25 of the family's income toward rent as required by the formula used by a
26 housing choice voucher program administered by the United States
27 Department of Housing and Urban Development, Office of Housing Choice
28 Vouchers;

29 (c) A TANF family who receives housing assistance under this subparagraph
30 is not eligible to receive the special housing allowance under subparagraph
31 (6) and, in addition, must have a reduction in the family's monthly TANF
32 assistance of \$100;

33 (d) A TANF family who receives no TANF cash assistance as a result of the
34 reduction under division (c) continues to remain eligible for TANF and all
35 other services available under this chapter as long as the TANF family
36 continues to meet all other conditions of eligibility for ASPIRE-TANF; and

37 (e) A TANF family who is ineligible for or who cannot accept a housing
38 choice voucher under this subparagraph and whose shelter expenses for rent
39 equal or exceed 75% of the family's monthly income is eligible to receive the
40 special housing allowance provided under subparagraph (6).

41 The department shall adopt routine technical rules, as defined in Title 5, chapter
42 375, subchapter 2-A, to implement the provisions of this subparagraph;

- 1 (7) In determining benefit levels for TANF recipients who have earnings from
2 employment, the department shall disregard from monthly earnings the
3 following:
- 4 (a) One hundred and eight dollars;
 - 5 (b) Fifty percent of the remaining earnings that are less than the federal
6 poverty level; and
 - 7 (c) All actual child care costs necessary for work, except that the department
8 may limit the child care disregard to \$175 per month per child or \$200 per
9 month per child under 2 years of age or with special needs;
- 10 (7-A) In determining eligibility and benefit levels, the department may apply a
11 gross income test only to applicants and not to recipients;
- 12 (8) In cases when the TANF recipient has no child care cost, the monthly TANF
13 benefit is the maximum payment level or the difference between the countable
14 earnings and the standard of need established by rule adopted by the department,
15 whichever is lower;
- 16 (9) In cases when the TANF recipient has child care costs, the department shall
17 determine a total benefit package, including TANF cash assistance, determined in
18 accordance with subparagraph (7) and additional child care assistance, as
19 provided by rule, necessary to cover the TANF recipient's actual child care costs
20 up to the maximum amount specified in section 3782-A, subsection 5. The
21 benefit amount must be paid as provided in this subparagraph.
- 22 (a) Before the first month in which child care assistance is available to an
23 ASPIRE-TANF recipient under this paragraph and periodically thereafter, the
24 department shall notify the recipient of the total benefit package and the
25 following options of the recipient: to receive the total benefit package
26 directly; or to have the department pay the recipient's child care assistance
27 directly to the designated child care provider for the recipient and pay the
28 balance of the total benefit package to the recipient.
 - 29 (b) If an ASPIRE-TANF recipient notifies the department that the recipient
30 chooses to receive the child care assistance directly, the department shall pay
31 the total benefit package to the recipient.
 - 32 (c) If an ASPIRE-TANF recipient does not respond or notifies the
33 department of the choice to have the child care assistance paid directly to the
34 child care provider from the total benefit package, the department shall pay
35 the child care assistance directly to the designated child care provider for the
36 recipient. The department shall pay the balance of the total benefit package
37 to the recipient;
- 38 (10) Child care assistance under this paragraph must be paid by the department
39 in a prompt manner that permits an ASPIRE-TANF recipient to access child care
40 necessary for work; and

1 (11) The department shall adopt rules pursuant to Title 5, chapter 375 to
2 implement this subsection. Rules adopted pursuant to this subparagraph are
3 routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

4 **Sec. 4. 22 MRSA §3762, sub-§8, ¶G** is enacted to read:

5 G. The department shall make available transitional housing assistance to a family
6 who loses eligibility for TANF as a result of increased earnings or an increase in the
7 number of hours worked and whose income does not exceed 50% of the median
8 income for the county or metropolitan area in which the family lives. Housing
9 assistance must be administered by the Maine State Housing Authority in the same
10 manner as provided for in subsection 3, paragraph B, subparagraph (6-A). The
11 family's share of rent must increase relative to the family's earnings in the same
12 manner as the housing choice voucher program administered by the United States
13 Department of Housing and Urban Development, Office of Housing Choice
14 Vouchers.

15 **Sec. 5. 22 MRSA §3762, sub-§21** is enacted to read:

16 **21. Transitional Jobs Program.** The department shall establish the Transitional
17 Jobs Program for participants unable to find employment through conventional means in
18 accordance with the service delivery model described in section 3788-C. The
19 Transitional Jobs Program, referred to in this subsection as "the program," must assist a
20 participant in gaining access to transitional employment with earnings to improve
21 employability in a competitive work environment through increased work experience.
22 The program must be established in accordance with this subsection.

23 A. In addition to those determined eligible to participate in the program pursuant to
24 section 3788-A, the department shall provide notice and an opportunity to all families
25 to apply for a transitional job who are within 90 days of reaching the 60-month limit
26 on assistance pursuant to subsection 18 and are not yet employed or engaged in a
27 qualified educational program such as Parents as Scholars Program as established in
28 chapter 1054-B.

29 B. A person determined eligible to participate in the program receives assistance in
30 accordance with rules adopted by the department for:

31 (1) Subsidized wages for employment for 6 months not to exceed 40 hours a
32 week in accordance with department rules; and

33 (2) Support services that are necessary to successfully engage in employment
34 and that are available under the ASPIRE-TANF program.

35 C. An employer participating in the program receives a subsidy toward wages paid to
36 a person determined eligible to participate in the program under paragraph B
37 equalling 75% of total wages for the first 3 months and 50% of wages for the next 3
38 months if the employer:

39 (1) Provides wages, hours and other conditions of work comparable to those
40 available for similar employment in the employer's locality;

41 (2) Agrees to provide meaningful work experience that will increase the person's
42 future employability;

- 1 (3) Provides wage and employment data as required by the department; and
2 (4) Agrees to give preference for any job available at that employer's
3 establishment at the end of the 6-month period for which a person is qualified to
4 participate if that person has performed satisfactorily during the transitional 6-
5 month employment period.

6 D. The department shall collect the following information to evaluate the
7 performance of the program:

- 8 (1) The number of employees participating in the program;
9 (2) The average and median length of time persons participated in the program;
10 (3) The average and median wages paid to employees in the program;
11 (4) The employment status of the employee at the completion of participation in
12 the program;
13 (5) The employment status of employees who have completed the program at the
14 end of the 2nd and 4th quarters following the end of their participation in the
15 program;
16 (6) The number of employers participating in the program; and
17 (7) The number of employees who remained as permanent employees at the
18 termination of the program.

19 E. By February 1, 2018, and annually thereafter, the department shall submit an
20 annual report to the joint standing committee of the Legislature having jurisdiction
21 over human services matters on the status of the program and on the evaluation data
22 collected and analyzed pursuant to paragraph D.

23 The department shall adopt rules to implement the program in a manner that maximizes
24 successful and meaningful employment opportunities for participants and provides for the
25 program's fair and efficient administration in accordance with this subsection. Rules
26 adopted pursuant to this subsection are routine technical rules as defined in Title 5,
27 chapter 375, subchapter 2-A.

28 **Sec. 6. 22 MRSA §3788-C** is enacted to read:

29 **§3788-C. Self-sufficiency continuum**

30 The department shall design and implement a service delivery model to address
31 individual family needs based on the varying levels of education, work experience,
32 physical or mental health and other conditions that affect the ability to work. Based on
33 the family profile developed during the comprehensive screening and assessment
34 completed pursuant to section 3788, subsection 3-A that identifies barriers to employment
35 including those related to health, education, training and disability, a family must be
36 referred to the program that provides the most appropriate array of services and supports
37 needed for the family to reach self-sufficiency.

38 **1. Crisis resolution track.** A family facing emergency circumstances, including
39 domestic violence, homelessness or imminent risk of homelessness or other

1 circumstances that threaten the immediate health or safety of the family, must be referred
2 to a crisis resolution track. A family may remain in this track for up to 4 months, during
3 which time the focus must be on stabilizing the health and safety of the family so that the
4 parent or caretaker relative may become ready to engage in another track and move
5 toward employment.

6 **2. Employment track.** A person who is not facing emergency circumstances as
7 described in subsection 1 and is not yet employed shall engage in the most appropriate
8 employment track based on the family profile developed during the comprehensive
9 screening and assessment under section 3788, subsection 3-A unless the assessment
10 indicates that participation in an education and training track provided under subsection 3
11 is more appropriate due to low education or skill levels. The department shall determine
12 which of the following employment tracks is appropriate.

13 A. The department shall provide a person with low personal or health barriers and
14 moderate to high levels of education or skills, as determined by the comprehensive
15 screening and assessment completed pursuant to section 3788, subsection 3-A, with
16 services geared toward rapid employment. The focus of such services is on job
17 preparation, job search, job placement, job retention and family sustainability through
18 employment.

19 B. The department shall provide a person who has been unsuccessful in finding
20 employment through conventional means with a work-based source of earned income
21 and labor market experience through the Transitional Jobs Program established
22 pursuant to section 3762, subsection 21 to prepare that person for unsubsidized
23 employment.

24 C. The department shall provide a person with high personal or health barriers and
25 high levels of education or skills, as determined by the comprehensive screening and
26 assessment completed pursuant to section 3788, subsection 3-A, with case
27 management and connect the person to intensive social and medical services,
28 including but not limited to health services, mental health services and rehabilitation
29 services to address these barriers.

30 D. The department shall provide a person with high personal or health barriers due to
31 temporary or permanent disability and low levels of education or skills, as determined
32 by the comprehensive screening and assessment completed pursuant to section 3788,
33 subsection 3-A, with case management services including physical and mental health
34 services and rehabilitative services to address these barriers. A person with a
35 permanent disability must receive access to a supplemental security income advocacy
36 program that helps people with disabilities attain federal social security disability
37 insurance benefits or federal supplemental security income benefits.

38 **3. Education and training track.** A person with low education or skill levels, as
39 determined by the comprehensive screening and assessment completed pursuant to
40 section 3788, subsection 3-A, or for whom work-limiting illness or disability prevents the
41 person in finding employment that is appropriate for the person's work experience who
42 would benefit from additional education or training shall take steps toward increasing
43 employability by participating in the most appropriate education and training track based
44 on the family profile developed during the comprehensive screening and assessment
45 under section 3788, subsection 3-A. To the greatest extent feasible, no adult will leave

1 the ASPIRE-TANF program without a high school diploma or equivalent. Once a person
2 is ready for employment, that person must move to the employment track. The
3 department shall determine which of the following education and training tracks is
4 appropriate.

5 A. The department shall provide a person with low education or skills, as determined
6 by the comprehensive screening and assessment completed pursuant to section 3788,
7 subsection 3-A, the opportunity to enhance that person's education or skills through
8 school, vocational training, work experience and community service in order to
9 become employable.

10 B. A person eligible for the Parents as Scholars Program pursuant to chapter 1054-B
11 must be informed of the program and offered the opportunity to enroll. As long as
12 the enrollment limit established in section 3790 has not been reached, the family must
13 be permitted to meet the family's program requirements through participation in the
14 Parents as Scholars Program.

15 **4. Working families track.** The department shall disregard certain monthly
16 earnings in accordance with section 3762, subsection 3, paragraph B, subparagraph (7)
17 for families in unsubsidized employment pursuant to section 3762, subsection 21. These
18 families must receive work supports needed for employment in accordance with this
19 chapter until the family becomes ineligible for TANF. Following termination from
20 TANF as a result of wages or hours or employment, the family is eligible to receive
21 transitional support services for working families in accordance with section 3762.

22 **Sec. 7. 22 MRSA §3790, sub-§2-A** is enacted to read:

23 **2-A. Alternative eligibility.** Notwithstanding subsection 2, a family with minor
24 children that does not qualify for TANF but whose income does not exceed 150% of the
25 federal poverty level, as defined section 3762, subsection 1, paragraph C, is eligible to
26 participate in the program as long as the enrollment limit in subsection 1 has not been
27 reached. A participant is eligible for the same support services that are available to a
28 person eligible for the TANF program who is enrolled in the Parents as Scholars Program
29 but the participant is not eligible to receive cash assistance as provided under the TANF
30 program. The department shall adopt routine technical rules, as defined in Title 5,
31 chapter 375, subchapter 2-A, to implement the provisions of this subsection.

32 **Sec. 8. 22 MRSA §3790, sub-§3-A** is enacted to read:

33 **3-A. Coordination with state educational institutions and programs.** The
34 department shall accept referrals from educational institutions or programs that are part of
35 the University of Maine System; the Maine Community College System; the Jobs for
